

Daly City Population To Go Over 50,000

Blood Bank Day Jan. 18

Mayor Joseph J. Verducci has proclaimed January 18 as Blood Bank Day in Daly City and urges all citizens to assist in this worthwhile project.

The Rotary Club of Daly City will conduct the drive on January 18. Blood donated is to be made available for the entire community.

The Peninsula Memorial Blood bank is a non-profit organization established by the generosity of the people of San Mateo County to provide blood and plasma to sick patients in hospitals, for civilian use in case of disaster and plasma for armed forces when needed.

The Blood Bank does not sell blood or plasma. It has to deal through the hospitals in which the sick patients are being treated. However, if a patient used blood or plasma from a blood bank it is obvious that an equal amount of blood has to be replaced in the bank or it soon would be without blood.

To guarantee that the patient or his friends will replace an amount of blood equal to that used, his account in the hospital is charged \$30 for each pint of blood, or \$32.50 for each unit of plasma. If this is replaced by a donor, the charge is reduced to \$7.50 for blood and \$10 for plasma. This is a service charge for drawing, processing, testing and providing it. If a relative or friend has already contributed blood to the bank at any time, and has not applied it, he may be applied at a later date.

To replace blood for relatives or friends, call the Peninsula Memorial Blood Bank for an appointment (OXford 7-4034). When this blood is replaced, the account of the patient receiving the blood will be credited for \$22.50 for either blood or plasma and if this money has already been paid it will be refunded.

Blood Donors
Donors giving blood must be between 18 and 61 years of age and those between 18 and 21 and single must have the written permission of one of parents or a legal guardian. They must be in good health with normal temperature, hemoglobin and blood pressure. During the four hours before donating blood, the donor may have only fruit juices, black coffee, tea, crackers or toast (with jam or jelly, but no butter), fruit and leafy vegetables. Blood donors may be of any type.

Prospective donors with a history of the following are not accepted:

- 1-Infectious jaundice (hepatitis).
- 2-Tuberculosis.
- 3-Diabetes.
- 4-Recurrent malaria (two years after last attack).
- 5-Syphilis.
- 6-Heart condition.
- 7-Any surgery within the past six months.
- 8-Childbirth within the past six months.
- 9-Cold within the past two weeks.
- 10-Penicillin reaction within six months.
- 11-Less than three months between donations.
- 12-Any malignancies other than skin cancer.

DC-Colma Lions Club Takes In New Members

Several of the community's outstanding business and professional men have recently become members of the Daly City-Colma Lions Club.

Daly City's population is better than 50,000, according to latest estimates from the city finance department.

This shows a jump in population of more than 6,000. The 1960 census listed 44,791 citizens in Daly City.

At that time there were several uninhabited houses in Westlake Terrace and Westlake Estates. Additional apartments have been added to the city.

The finance department census estimates will be submitted to the State Department of Finance. The state total will be announced January 15. Local finance estimates included the number of building permits in the city, pupils enrolled in schools, buildings completed and electric meter connections.

319 New Homes, 13 Apts. In DC

A total of 319 new dwellings and 13 new apartment buildings were erected last year in Daly City, according to the office of the building inspector.

Building costs are estimated at \$5,044,710 for family dwellings and \$1,438,731 for apartment buildings. The apartment buildings contain a total of 194 units.

Over the entire year of 1962, the city issued 970 building permits for construction valued at \$8,557,314. Highest month was last February when 110 permits, including 72 permits to build homes, were issued.

Since April of 1960, the city has issued more than 1916 permits for single family dwellings and apartments. At approximately 3.3 persons per house, this amounts to 6,322 people.

Armed Robbery At Liquor Store

A tall bandit, who said he needed the money for a sick baby, stole \$211 in cash and a bottle of whiskey at a liquor store Saturday from Pacific Heights Liquors, 1200 Pacific Heights in San Bruno.

Police said the man, described as 6-2, 170 pounds, between 25 and 30 years of age and wearing drab clothing and a zipper jacket, entered the store about 11:30 p. m. with what was described as a .30 caliber rifle.

The owner, Alfred Bossa of 304 Arlington road, Redwood City, and his wife, Teresa, were ordered to lie down on the floor. The robber took all the cash from Bossa's wallet and what was in the cash register, then snatched a bottle of whiskey as he was leaving the store.

Petty Theft

Approximately \$15 was stolen from a soft drink stand December 31 at DeBernardi's Flying "A" station, Westmoor and Southgate, according to a report to Daly City police.

Drunk Arrests

Four teenagers were booked December 29 by city police on drunk charges following an investigation of a loud party at 558 San Diego avenue.

City-Colma Lions Club

Those voted into membership were: Hal Gilmore, manager of the Morris Plan, Daly City Branch; James Harrah, editor and publisher of Day-Lake Publications; Robert M. Cluff, Home Mutual Savings and Loan Association; William Chapman, Daly City Engineer; Warren Knapp, Harvey Motors; Kevin McDonald, Mercy Ambulance Service; William B. Henshall, Allied Realty Company; Clark Kerns, Shell Service; George Makrus, Safeway Store; Walter Martenson, Flying "A" Service; Joseph Mottola, Portrait Studios, and Jack Pareda, Flying "A" Service.

Membership in the Lions Club provides an opportunity for participation for community, national and international betterment plus social activities.

The Daly City-Colma Lions Club was organized in 1928. Some of the long-term active members are William Sweeney, Sweeney & Sons Studebaker Motors; Melvin D. Batty, Insurance; Edward Byrne, retired; Stanford Han-

City Revenue Boost Expected For 1963

Daly City's financial condition during 1963 is expected to be better than last year, according to finance director Joseph Arch.

Actual revenues will be higher than estimated revenues.

Sales tax revenues are expected to top the \$500,000

mark. This is \$30,000 more than expected.

The finance department current census is expected to show an additional 6,000 residents in the city. This will bring in another \$48,000 in additional revenues from motor vehicle license fees and gas tax funds.

The tax rate remains at \$1.48 per \$1000 assessed valuation—the same as last year.

Salaries
Total budget expenditures are \$3,189,596. Biggest part of this is \$1,408,350 in salaries. From this \$374,610 pays police dept. salaries and \$317,649 fire department salaries. Public works salaries will be \$202,443.

Capital outlay projects will also take a big chunk—\$668,405 of the total budget.

Biggest capital outlay item will be purchase of new city hall site, and improvements on the water system, completion of Westmoor Park, Knowles avenue redevelopment, park improvements and playground installations, new city vehicle storage garage and purchase of new vehicles; remote control water system and new reservoir.

Improvements
Improvements during the past year include Lincoln Park Clubhouse, first phase of Westmoor Park improvement, purchase of moving equipment and replacement of old office equipment, new pump house for Water Department, a water meter program, well improvements and Daly City's largest street resurfacing.

Sales Tax Revenues Show High Increase

Daly City stands to get a "windfall" of sales tax monies during 1963 and \$50,000 if retail sales for the fourth quarter maintains the pace of the rest of the year.

In making out budgets for the year, the city finance department uses estimates of the State Board of Equalization sales tax revenues, which was \$470,000 for 1962. To date, the city has been allocated \$382,145 for the one per cent sales tax accruing to the city for sales made during the first three quarters of the year.

It will take only \$87,855 in sales tax revenues for the

final quarter to complete the state board's estimate for the year. In 1961, Daly City received \$126,114 in sales tax revenues for the same period.

It is estimated now that the figure for 1962's fourth quarter may run as high as \$135,000.

So far this year, sales tax revenues to the city have been exceeding 1961's revenues by \$6,000 to \$10,000 per quarter.

(Continued on Page 2)

Business Development In So. San Francisco

Plans for a \$5,000,000 deluxe apartment and commercial development on California Golf Club property in South San Francisco were announced here today.

Club President Ralph Stiles of Hillsborough said the project will be undertaken by Club View Apartments, Inc., an organization headed by Louis Poletti, prominent north Peninsula realtor. Other principals in the development include Peter Mazzanti, South San Francisco nurseryman, treasurer of the corporation.

Stiles said the club has granted Poletti and Mazzanti a 55-year lease on 10 acres of choice property located east of the club house and front-

ing on El Camino Real. The golf club's holdings cover more than 200 acres between El Camino Real and Junipero Serra Blvd.

Scheduled to get under way early this year will be construction on 300-unit deluxe apartment buildings, bank, professional offices and a department store, according to Poletti.

The Poletti plan was selected from several proposals which the club had invited for proper development of the property.

James C. Gardiner, AIA, has been retained to design the buildings. The entire complex should be completed within two years, Poletti said.

Daly City Youth Named By Younger As U.S. Military Academy Finalist

Congressman J. Arthur Younger this week announced the appointment of 30 San Mateo County young men as finalists for the United States Service Academies. Final examinations will be given in March at Stanford University.

The six finalists for one appointment to the U.S. Air Force Academy at Colorado Springs, Colorado, are: Redwood City, Llew S. Dougherty, 2630 Goodwin st., and Paul S. Tarantino, 1708 Kentucky street; San Mateo, Marshall S. Eaton, 2800 Monterey street; San Carlos, Steven R. Kimberlin, 625 Park avenue; David E. Stockbridge, 148 Devonshire boulevard; San Bruno, Kenneth P. Smith, 734 Pepper drive.

Named to compete for two vacancies at the U.S. Military Academy at West Point, N.Y., are: Burlingame: James Alich, 2801 Trousdale; Redwood City: Steven Burman, 20 Hudson street; Richard Goularge, 308 Rutherford; San Mateo: Richard Radez, 1335 Rainbow avenue, and Roger Rahn, 337 Highland avenue; South San Francisco: Richard P. John, 106 Ramona; Daly City: Jeffrey McGowan, 214 Belhaven; San Carlos: Allan Martin, 6 Walton street.

Competing for one appointment to the United States Naval Academy at Annapolis, Md., are: Millbrae: C. Stephen Banwarth, 512 Hazel avenue, and James McPherson, 1156 Hillcrest boulevard; San Carlos: Robert Ayres, 1904 Howard avenue, and William Boles, Jr., 635 Park avenue; Redwood City: Norman Franklin, 3702 Country Club drive; Atherton: Michael Elliott, 83 James avenue.

Congressman Younger also named 10 boys to compete with other California boys for 23 state appointments to the United States Merchant Marine Academy at King's Point, N.Y.: Redwood City: Walter N. Bakly, Jr., 1026 Taft street; Lawrence Emrich, 1240 Woodside road; San Mateo, John

Coyne, 216 Spuraway drive; Gary Eggert, 2655 Edison street; Enoch P. Jordan, 3155 Greenoak court; George Park, 3702 Alameda de las Pulgas; South San Francisco: Andre Klein, 525 Serra drive; Hillsborough: William McQuigg, 545 West Santa Inez avenue; Menlo Park: Gerald Greeve, Jr., 1011 Seymour Lane; San Carlos: Harold Ohs, 2805 Susie lane.

'Bear Tracks' Succumbs At 46

In his lifetime, Henry Mack, 46, of Daly City compiled a staggering total of some 250 drunk arrests. For the past ten years he has resided along the railroad tracks near Knowles avenue and Junipero Serra boulevard.

Mack, better known as "Bear Tracks," was released from the county jail just before Christmas after serving about 40 days on a drunk charge.

But last Thursday, December 27, "Bear Tracks" took his last drink, and drew his last breath. His body was found by police alongside the railroad tracks near Knowles avenue.

The City of Daly City and Chamber of Commerce is sponsoring a testimonial dinner on January 17 for Evelyn Mosman, who will retire as city clerk on February 1.

The dinner will be held at 7 p. m. at Oregano's 1 Lake-shore Plaza in San Francisco. Tickets may be purchased from Doris Rehe at the finance department or from Anna Olenford at city hall.

Principal speaker will be Frank Blum, superior court judge. Master of ceremonies will be Paul Hauf, city attorney.

Lions Spread Holiday Cheer

The Daly City-Colma Lions Club is ever mindful of those less fortunate than most people.

Just before the holidays, the Lions Club made donations to the California League for the Handicapped, \$100; Lighthouse for the Blind, \$50; CARE kits to South America, \$25; Club de Leones, Bolivia, \$10; and Daly City Operation Santa Claus, \$200.

Funds for these donations are raised by the Lions' White Cane project, by personal contributions of Lions members, and by the current Youth Welfare raffle project.

The raffle project now underway enables the purchaser of a \$1 ticket to have a chance to receive one of the following prizes: (1) \$1,000 per year for five years; (2) a 1963 Rambler American 2-door custom sedan; (3) nine days in Hawaii for two; (4) two season tickets to all home games of the San Francisco Giants; (5) three-day weekend in Las Vegas for two; (6) three-piece Hartman luggage for Mr. and Mrs.; and (7) 1963 49er season ticket for two to all home games.

The drawing for the above prizes will be held at the Thunderbird Hotel on Bayshore Freeway, on February 23. The holders of winning tickets do not have to be present to win.

Tickets may be purchased from any member of the Daly City-Colma Lions Club. At present, Ira Neville of Neville Motors leads the club by a wide margin in total ticket sales. Del Wilson of the St. Francis Realty Company is club treasurer and chairman of the raffle project.

Recreation Department

Prosperous Year Predicted

While most of the guardians at City Hall are concerned with how much "work" will be accomplished in 1963, Chuck Vincent is concerned with how much "play" will be going on.

The reason for the switch is that Vincent is the recreation supervisor for Daly City. And there are some big plans in the hopper for Daly City in 1963.

Most notable of the new innovations planned will be the development of more teen clubs, both junior and senior.

"This is one phase of the

Freeway Grading At Alemany and San Jose

Daly City residents can see at first hand the preliminary grading of the Junipero Serra freeway, with beginnings of a 3.9 section at Alemany boulevard and San Jose avenue.

This freeway section will pass over San Jose and Siskiyous avenues. An off ramp will come from the freeway onto San Jose avenue and an on-ramp will be coming from San Jose avenue to go eastward on the freeway.

Highway workers expect to complete the Southern Freeway and then complete the first portion of the Junipero Serra freeway in a project in-

cluded in the 1963-64 budget. The highway department has approximately \$10,100,000 in the 1963-64 budget for construction of the first units of the Junipero Serra project—approximately 3.9 miles from Palmetto to Eastmoor avenue.

Included in this is rough grading and construction of a frontage road connection of Sign Route 1 to Skyline boulevard, Pacifica.

Three units of the Southern Freeway are in various stages of construction. This 14.5 million dollar project from the Bayshore to Orizaba, connects onto the Junipero Serra portion.

Teen Chamber To Be On TV

The newly formed Daly City Teenage Chamber of Commerce will be filmed on KPPIX-TV on January 3 at 7:30 p. m. when the group meets at the War Memorial Center.

President Des Ependendo said the film is to be shown on the Van Amburg "feature report." Some 20 young men have signed up as members of this new club, called the "first Teenage Chamber" in the nation.

Boyd has already started the formation of four junior teen clubs, which will be comprised of seventh and eighth graders residing in the Westlake section of Daly City.

The four areas are:

Ben Franklin No. 1, Westlake Park Clubhouse; Ben Franklin No. 2, Ben Franklin Junior High; Ben Franklin No. 3, Westmoor Clubhouse, and Ben Franklin No. 4, Daniel Webster Elementary School.

First meeting of the junior teen club is Friday, January

Vincent reports that plans are also in the making for two senior teen clubs in the Westlake area, and for several more junior teen clubs in the old Daly City area.

"Regular programming will be made up for each week night at the various clubs," reports Vincent. The city has also purchased

(Continued on Page 2)

'THE GEM OF SAN FRANCISCO BAY' TO BECOME STATE PARK

Historic Angel Island, three miles offshore in San Francisco Bay, will become a vastly enlarged California State park in a proposed land transfer by the Department of the Interior. Under Secretary James K. Carr announced today.

With the closing of the Army Nike missile base there, the Interior Department plans to transfer the bulk of the island to the State. Under Secretary Carr explained, for development as part of a nationwide recreation system and preservation as a historical monument.

To the present small State park, the transfer will add 517 acres—all the remainder of the island except for three small Coast Guard installations. The action will be taken under authority of the Recreation and Public Purposes Act of 1926. The Recreation and Public Purposes Act has already been used to provide the State title to a smaller area now used for the park.

"Angel Island has aptly been called 'the gem of San Francisco Bay,'" Carr said. "The island is rich in history. In 1776 in a sheltered cove there, Juan Manuel de Ayala anchored the San Carlos, the first Spanish ship to enter the Golden Gate. He named the tree-covered island 'Nuestra Señora de los Angeles' (Our Lady of the Angels), now known as Angel Island, and used it as a base for the first exploration and survey of the bay.

Many Uses
"Richard Henry Dana spent a memorable time on the island in 1835 and told the story in 'Two Years Before the Mast.' The island has been the site of a gold rush, a famous duel, a cattle ranch, an emigration station in three wars, and a famous immigration station—the Ellis Island of the West. Federal uses of the island have included a prison, an immigration station, harbor defense installation, an Army fort, an overseas military staging area, and most recently a Nike missile site. Now it will enter a new chapter of its colorful history as it becomes an island sanctuary, protected by the waters of the bay, where tourists as well as residents of the populous San Francisco Bay Area can find open space, beauty and recreation at the end of a brief boat ride."

The remaining action prior to the actual transfer of the property is publication of the official notice of the decision. The purpose of publication is a final check to assure there are no outstanding claims for the lands. Explaining that the possibility of adverse claim is extremely remote, Under Secretary Carr said that in all likelihood the actual transfer will be made by the end of the year.

Historical Sketch
Angel Island was first sighted by white men in November 1769. Governor Don Gaspar de Portola was seeking the port of Monterey and in his search went as far as Point Reyes. Scouts on foot noted the three islands near the mouth of San Francisco Bay, one of which is Angel Island. Subsequent expeditions noted the island but Fray Francisco Palou in 1774 gave the first real description of it.

To bring troops and settlers to occupy the newly discovered port of San Francisco, Lt. Juan Manuel de Ayala set sail in the spring of 1775 from San Blas, Mexico, in the vessel SAN CARLOS. On August 5, he dropped anchor inside the Golden Gate. On August 12, he examined the largest island which according to Palou he named "Nuestra Señora de los Angeles (Our Lady of the Angels)" although the log of the SAN CARLOS and maps drawn by Ayala and Canizares show the name simply as "Isla de los Angeles." Ayala gave names to many points, bays, islands and channels but only two survive today—Angel Island and Alcatraz Island.

Angel Island became impor-

tant in the days of whaling and shipping of hides and tallow. It was a convenient place for replenishing supplies of wood and water. In 1835, Richard Dana visited Angel Island on the hide and tallow ship ALERT and described the fueling operations in his classic, 'Two Years Before the Mast.' He noted that Angel Island was called "Wood Island" by mariners and that it was covered with trees to the water's edge. Two of the ship's crew were sent daily to the island to cut wood. In about a week enough could be cut to last a vessel for a year.

The places where fresh water could be obtained were indicated on the mariners' maps and part of the crew was used to fill the water casks.

In 1838 the Mexican authorities in California permitted Antonio Maria Osio to occupy the entire island as a rancho.

When the United States took possession of California it reserved the whole of Angel Island. Osio pressed his claims and the case was finally appealed to the Supreme Court which held that Osio's title was void.

Dueling Place
Angel Island gained notoriety as a favorite dueling place for the hot tempered gentry of San Francisco. Crowds would flock to witness the contests. Such was the case with the famous duel between Editor George P. Johnston and State Senator William I. Ferguson on August 21, 1858. It was estimated that one hundred small craft carried the spectators to the fray. Both men were wounded in the contest and Ferguson died while his shattered leg was being amputated.

Angel Island was recognized as an important defensive military position and batteries were erected in 1863. In subsequent years additions were made and out-moded armament was replaced. Barracks, hospitals and other necessary facilities were erected.

During the Spanish-American War and the Philippine Insurrection, troops destined for foreign service and those returning for discharge and separation were housed on Angel Island. In 1920, it again became a "Discharge and Replacement Depot." Immediately after the bombing of Pearl Harbor, Angel Island was a beehive of activity in the embarkation or debarkation of troops.

Angel Island saw notable service as a quarantine station and as an immigration center. It was the main port of entry for Orientals into the continental United States.

Mrs. Margaret Neville Dies

A requiem High Mass was celebrated for Mrs. Margaret V. Neville, wife of Daly City Ford dealer Lee Neville at 8:30 a.m. Monday, December 31, from St. Dunstan's Church in Millbrae.

Mrs. Neville, 56, passed away Saturday, December 29 at the Hillhaven convalescent hospital following a lengthy illness.

She was a 19 year resident of San Mateo county. Mrs. Neville is survived by her devoted husband, Lee; sons Donald of this city and Robert of Mountain View; and daughter Mrs. Joanne Kunz of Millbrae.

She is also survived by sisters Mrs. Josephine Schypert of San Francisco, Mrs. Dorothy Waldman of Placerville and Mrs. Viola Walker of Sacramento, and brothers Melvin Davy of Redwood City, George Davy of Denver, Colorado, and Jack Davy of Sacramento.

Curfew Violation

Five juveniles were reprimanded by police and remanded to the custody of their parents for violation of the Daly City curfew on December 30 at Alemany boulevard and Lake Merced boulevard.

ON EGGS — California poultry ranches will be setting a new United States record for egg production in 1963. George Armstrong, Egg Council president, gives Caroline Pacheco a gentle hint using a large size egg to tell of more than six million eggs. This is enough to supply all 17 million of us with a fresh egg every day of one year. The second and third highest egg producing states are Pennsylvania and Iowa. It keeps Caroline on the go to sell her way

out from behind that wall of eggs at the market every day. Like millions of other energetic Californians, she enjoys eggs. Caroline says the quality protein in eggs helps maintain the pep and personality it takes.

Interior Design Contest Open To Local Students

Bay area high school, junior college, college and professional design school students will have an opportunity to display their talents with the announcement this week of an interior design contest sponsored by the forthcoming annual San Francisco Bay Area Decorators and Hi Fi Show.

The Decorators and Hi Fi Show will be held in the San Francisco Cow Palace from March 6 through March 10.

The interior design contest, which begins January 2, and closes March 1, will be separated into two divisions, one division for junior college, college and professional design school students, and the second division for high school students.

All entries must be submitted on or before March 1 at the offices of the Decorators and Hi Fi Show, 456 Fulton street, San Francisco.

Five entries in each division judged the most original and professional will be displayed in a special booth during the five day show.

The show, itself, will feature model room displays by many of the nation's leading interior designers and decorators along with a three million dollar exhibit of stereo and high fidelity equipment for the home.

According to James Logan, producer of the Decorators and Hi Fi Show, students may obtain copies of the rules and instructions along with the floor plan of the room to be designed through their schools or by writing to the offices of the show.

Bulldog Cagers Vie In Modesto Tourney

Defending champion College of San Mateo enters the twenty-fifth annual Modesto Junior College Basketball tournament, January 3-5. CSM has been a participant in this tournament every year since its beginning in 1938.

It is an invitational event with the six Valley conference colleges now forming the "host" representation, with other entrants from throughout the State. Formerly the extinct Northern California JC conference and the old Big Seven (later to Big Eight), both of which CSM has been a member, formed the host nucleus.

The Bulldogs defeated Fresno, 62-48, for the title last season. Once before CSM reigned as champions of this top pre-season JC tournament in the State. The Bulldogs took the title in 1948, downing Visalia, 33-45. They gained the finals in 1953, only to lose to Los Angeles City college. Every team who has won the title in the last eight years

will be entered in the 16 team affair this season, including 1961 champ LACC who was absent last year. Modesto is the only team to win two titles in succession, taking three straight during the 1943-45 war years.

Anything can happen in this tournament. Last year City College of San Francisco was eliminated in the first two games of the four round tourney and went home early—but lost only one of its next 17 games en route to the State championship. Neither of last year's finalists went on to conference championships but the tourney always has the lion's share of league titlists.

This year four 1961-62 champs of California's eight JC loops are entered: CCSF, Hancock, San Jose, and American River. CSM tips off against Reedley of the Central conference at 6 p.m. tomorrow. Second round is on Friday with the last two rounds scheduled for Saturday.

Physical Fitness Exhibit At SF Sports & Boat Show

The San Francisco National Sports and Boat Show will lead the nation in response to President Kennedy's call for a more physically fit America with the first United States physical fitness exposition as a part of '63 sports fair to be held February 1-10 at the Cow Palace.

Heralding a new and more vigorous way of life for millions of Americans plagued by underactivity, the fitness hall of the San Francisco show will focus one the home gymnasium for leisure time use for all members of the family.

One vast hall of the exposition will be devoted to exhibits of recreational and athletic equipment for the home and backyard geared to adults as well as children—extending the scope of the present president's council on youth fitness to include adult Americans. Key educational, medical health and gymnastic authorities will assist in the selection of equipment to be exhibited.

In addition, dietetic displays will outline the proper nutritional aspects of good physical condition.

Exhibits in the fitness hall will underline proper exercise as a way of life, advocating active participation in home sports for the American family rather than a passive spectator's role. Basement and backyard sports clubs will be suggested in the exhibit of equipment to come from American and European manufacturers.

Portable TV Stolen

A portable television set was reported stolen December 20 from Panos Motors, 6674 Mission street.

Prosperous

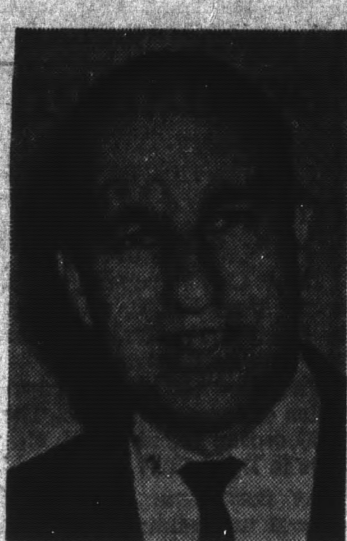

(Continued from Page 1)
chased two juke boxes and is in the process of acquiring three more.

Boyd also has plans about wrestling and tumbling classes for the teens, to go along with the special events.

Plans are also under way to create two more much-needed softball diamonds—one at Westlake Park and one at Westmoor Park. Vincent also hopes to acquire more midget baseball team sponsors.

Other tentatively planned additions, contingent upon the approval of the budget by the City Council in July, are "toll-free" small, unsupervised play areas equipped with swings and merry-go-rounds for children three to seven years of age.

"We also hope to install some modernistic, colorful playground equipment at Westlake Park," the director added. The park is also due

Check Vincent
"Prosperous Year"

for some improvement. Vincent also commented on the recent announced development of the Christian lands—currently lying outside the limits of Daly City: "I don't know what the cur-

rent plans are, but if it ever should be annexed to the city, I hope that certain lands will be made available for recreation sites."

Vincent said that he contemplated no full-time addition to the staff but noted that they may hire more part time help this summer, than in the past, if the budget goes through.

"All in all, I expect a totally prosperous recreation year," Vincent concluded.

Sales Tax

(Continued from Page 1)

	1961	1962
First	\$120,442	\$124,629
Second	\$119,666	\$131,190
Third	\$126,114	\$126,326
Fourth	\$386,222	\$382,145

Converting these figures to taxable sales, Daly City merchants had \$38,214,500 in sales during the first nine months.

Non-taxable items, such as food, usually comprise about 50 per cent of the taxable goods, so a fair estimate of those sales during the first three-quarters of the year is \$19,000,000, giving Daly City a gross sales of \$57,000,000 through September.

Projecting these figures for the entire year, based on increases in revenue in 1962 over 1961, Daly City merchants have sold more than \$50,000,000 in taxable goods, with a gross sales of \$75,000,000.

City Revenue

(Continued from Page 1)

ing and maintenance program.

During the past year the finance department started a new voucher payable system, completed an inventory of all city furniture, fixtures and equipment, started a program to evaluate all buildings and land for the city, including a complete evaluation of the water system, and began a parking meter survey. Bids will go out next month for the new meters. The city also plans to begin a work program budget operation.

THE RECORD and Westlake Times

Record Growth In '62 For Bank Of America

A record of balanced growth featured Bank of America's year-end report for December 31, 1962.

Loans outstanding went up \$700,363,617 during the past 12 months to reach a new high of \$7,587,992,697.

"Last January we anticipated a \$700 million increase in loans to meet the needs of California's growing economy. Achieving this has provided earnings resources to offset higher savings interest costs," President S. Clark Beise said in releasing the figures.

Deposits continued to climb, gaining \$620,828,933 to stand at \$12,095,985,067 at year-end.

Total resources moved up to \$13,417,140,809, a figure \$681,378,069 higher than a year ago.

More points of service for California's growing population were activated with the opening of 81 new branches during 1962.

Investments in securities totaled \$3,104,506,581, as compared with \$3,180,825,331 a year ago.

An unprecedented \$200 million was paid in interest on deposit accounts to Bank of America's more than five million savers and other time-depositors.

Beise reported that net operating earnings amounted to \$83,126,716, or \$2.92 per share on the 28,480,000 shares outstanding. This compares with \$87,783,804 or \$3.08 a share earned in 1961.

"By year-end we absorbed our added interest cost as well as the expense of opening a large number of new branches. Now, with broadened loan and deposit levels and the extended scope of our branch service, the base is provided for higher earnings in 1963," Beise said.

Summing up his report on earnings, Beise said that transactions in securities during the year yielded a net profit of \$1,647,364. Provision for reserves amounted to \$6,219,000, after resulting tax benefit, leaving net earnings and profits of \$75,555,080 for the year.

Dividends totaling \$58,960,000 were paid to more than 200,000 shareholders at the annual rate of \$2.00 per share.

Total capital funds, to-

Free Soap At Thrifty Wash

Free soap will be offered this week to customers at the opening of Thrifty Wash in the St. Francis Square Shopping Center.

The store is equipped with 28 twelve-pound washers, 10 fifty-pound dryers, one 25-pound washer which will handle a 9x12 ft. rug. Owners are Mr. and Mrs. Donald Morin.

Thrifty Wash Coin Laundry departs from drab interiors said to be characteristic of many similar firms in Northern California and features Far East decor. It is the 215th Thrifty Wash plant in the northern part of the state.

DC-Colma Lions

nah, former superintendent of J. U. H. S. District; Larry Comer, builder; Edward DeVincenti, Cypress Lawn; John Ferrari, Bank of America; Colma: Ted Hopman, Hopman Electric; Walter Lehigh, manufacturer of labels; Joseph Lewkowicz, city treasurer and Real Estate; Elton McGraw, McGraw Pharmacy; Ira Neville, Neville Motors; John Putkey, attorney; Joseph Rohl, P. G. & E. Company; Vincent Murphy, postmaster; Arnold Panella, Life Insurance; Joseph Long, L. & M. Auto Parts; and Raymond Charette, Daly City Blind and Shade.

The membership committee for the Lions Club has co-chairmen Richard L. McClain, insurance, and Rino Caccato, general insurance. President of the Lions is H. Z. (Ted) Welbel, local school man.

Club meetings are held each Wednesday noon at To-to's Pizzeria on Junipero Serra Boulevard.

During the 1961-62 fiscal year, the California highway department spent \$1,830,000 for litter pick-up and sweeping.

San Mateo Supervisors Proclaim 'March Of Dimes Month'

A proclamation adopted by the San Mateo County board of supervisors naming January as the "25th Anniversary March of Dimes Month" has marked the official start of the Silver Anniversary campaign on January 2.

"Endorsement by the board of supervisors was a fine gesture toward our new health program in the March of Dimes," said Phillip Segal, chairman in Daly City for the annual campaign in January.

The March of Dimes began in 1938, founded by the late President Franklin D. Roosevelt, himself a polio victim.

Chairman Segal, local business man and also stricken by polio some ten years ago himself, explained "now that polio is on the way out, the March of Dimes is seeking to do a similar job on both crippling arthritis and birth defects soon."

"With polio all but licked, thanks to the two vaccines developed by Dr. Salk and now the Sabin oral vaccine, and research associates, with the support of the March of

Dimes, we hope to do likewise on birth defects and arthritis before too long now," Segal said.

As in polio, the March of Dimes also will help pay costs of care for sufferers of these crippling, he added, as well as "support intensive research chiefly at the new Salk Institute for Biological Studies being built at La Jolla in San Diego in Southern California, headed by Dr. Jonas Salk of polio vaccine fame."

The 1963 March of Dimes continues through the month of January, as always, Segal stated.

Wine was used in the Mysterious civilization in Greece prior to 1000 B.C.

Hillside Homeowners Officer Nomination

The Hillside Homeowners Improvement Club will hold their annual officer nomination meeting, Monday, January 7, at 7:45 p.m. in the Music Room of Colma K-8 School.

Names of nominees will be placed on the ballot for election at the February 7 meeting, announces president Frank Loretta.

New members admitted to the club last month were: Mr. and Mrs. Aaron Townsend, Mr. and Mrs. Tom Parrish, and Mr. and Mrs. Joseph Shultz.

Home accidents resulting in deaths from fires and explosions are relatively more frequent among girls than boys.

If you're a homemaker

you'll have to cook
at least 1095
meals in 1963

What a thought . . . 1095 meals to look forward
to in 1963. But don't fret . . . the one big help
should be your friendly Butcher. He will always
have the newest food ideas day in and day out.
This is where Leo's Meat shines! Ask any home-
maker that shops Leo's Meat whether she's
ever stuck for a meal idea—she'll tell you that
Leo's Meat is a homemaker's paradise for new
ideas . . . never a dull meal or an uninteresting
shopping trip when Leo's Meat is the store.
Better than asking . . . come on in yourself;
start the New Year off right with more than
1095 new food ideas at your fingertips.

By GARRY NIVER

We happened to take in the West Coast Athletic Conference basketball tournament at the University of San Francisco over the weekend and, like most others, were very surprised at the outcome. In case you don't know, San Jose State upset St. Mary's, 55-51, Saturday night to win the title.

One thing which impressed me in the tourney was the host USP team. The Don squad, though losing by one point to St. Mary's on Friday night, is once again taking on the semblance of a basketball power.

The youthful squad of Pete Peletta should be in the top ten rankings (if that means anything) next year and the following year should attain the heights as the nation's number one team.

Our premise is based on several reasons. The most notable one is that the Don squad has only one senior aboard — leaping Lloyd Moffatt.

Secondly, the current frosh squad is one of the most powerfully assembled in recent years around the Bay area. Included on the team are Russ Gumina, and Joe Ellis, last year's McClymond High School ace. These, plus several other outstanding freshman players, give USP a fine future.

Added to this is the fact that Ollie Johnson, the Don's fine 6-8 center, is only a sophomore. The 19-year-old youth improves with each game and should be the tops on the West Coast by this time next year rolls around. Another soph is Huey Thomas, who is also a starter on the Don five.

Next year, they will have four out of their five starters back, losing only Moffatt. Included in the returnees are Johnson, Thomas, dead-eyed Eddie Thomas, and 6-8 forward Dave Lee.

Add to this Gumina and Ellis and the Hilltoppers should be pretty tough to beat. They'll bear watching.

The fledgling American Football League keeps putting it over on the Big Daddy NFL. The latest bite at them was the signing of East-West game star Daryl Lamonia. The Notre Dame quarterback signed with the Buffalo Bills.

Add to this the name of Bobby Bell, everybody's All-American from Minnesota, who signed with Dallas, and it adds credence to the AFL brand of football.

It also gives the player a place to bargain, as in baseball. We are for it. We have developed an affinity to those rags-to-riches success stories.

The line play in last Sunday's NFL championship game between Green Bay and New York was tremendous. Never have we witnessed such jarring and shattering of human flesh in a grid contest.

Both teams deserve a lot of credit. But perhaps most of the credit should go to Jim Taylor of the Packers and Y. A. Tittle of the Giants. Both were incessantly clobbered, yet kept right on playing in the severe cold.

ON THE SIDELINES... The annual San Mateo Auto Show will hold forth this weekend at the Fleets building at the San Mateo County fairgrounds. The show is the creation of an enterprising young gentleman from South San Francisco named Harry Costa.

Two Local Entries In San Mateo Auto Show

Two Daly City entries are among those received for the eighth annual San Mateo Auto Show, to be held Friday, Saturday and Sunday, January 4-6, in the Fleets building at the San Mateo County fairgrounds.

Joseph A. Fuentes, 145 Del Prado Drive, will display his personalized 1959 Chevrolet El Camino at the show. Fuentes, a member of the Tinkers of San Francisco, has installed a 1960 Olds grille and tail-lights on the car, and added fancy pleated upholstery.

The second Daly City entry is by Gateway Chevrolet, who sponsors John Zucca's Chevrolet-powered dragster. The car, driven by Frank Silva, has turned in a 155.17 mph speed at the end of a standing quarter-mile.

Other attractions of the show: The Silhouette, a wedge-

shaped futuristic auto with a hand-formed body and clear plastic bubble top, owned by Bill Cushman of Monterey.

The Seattle-ite and the De-Paia, seven-foot experimental models by the Ford Motor Company's advance planning division.

Tweedy Pie, a 1923 Ford roadster which bears no resemblance to its ancestors; owned by Ed Roth of Los Angeles.

A rare Tipo 151 Maserati racing coupe built for millionaire sportsman Briggs Cunningham; owned by B. H. Spencer of Hillsborough.

A 306 mph streamliner built for Bonneville Flats. In all, some 100 custom cars, racing machines and sports cars will be on display at the Fleets building from 6 p. m. Friday, January 4, and from noon to 11 p. m. Saturday and Sunday, January 5-6.

All American College Coach Team On Film

The 1962 All-American football team selected by the American Football Coaches Association is brought together in a thrilling motion picture now available as a public service to community organizations throughout the country. Allstate Insurance Companies announced this week.

Dramatic game movies, including slow motion and stop action techniques, document the All-American choices of the more than 500 college coaches who participated in the team balloting. W. K. Potter, Allstate's Menlo Park regional manager said.

This year's first team All-Americans, as announced by UPI and featured in the coaches official film, are:

Player	Pos.	Ht.	Wt.	School
Pat Richter	end	6-5 1/2	229	Wisconsin
Hal Bedsole	end	6-5	225	S. California
Bobby Bell	tackle	6-4	214	Minnesota
Steve Barnett	tackle	6-1	252	Oregon
John Treadwell	guard	6-1	194	Texas
Rufus Guthrie	guard	6-1	231	Georgia Tech
Lee Roy Jordan	center	6-2	207	Alabama
Terry Baker	q'back	6-3	191	Oregon State
Terry Stovall	halfback	6-2	195	Louisiana St.
R. Kochman	halfback	6-1	200	Penn State
Geo. Salinas	fullback	5-10	186	Michigan St.

Rec Cage League Opens Fast

New Pisa Reds and the OLM Saints opened the 8th grade league with a close game. The Reds jumped out with a 5-2 lead in the first quarter.

In the 2nd quarter they lengthened it to a 15-7 lead. OLM moved up in the third quarter as Jim Davis found the range to cut the lead to 21-18. Davis tanked five more in the 4th quarter, but Tony Smith of the Reds broke loose and went on an eight point spree to overcome Davis' 18 point performance. Smith's last field goal broke the tie and gave a 30-28 victory to the New Pisa Reds.

The PAL Big Warriors continue their winning ways steamrolling over the PAL Vultures 49-29. Jeff Long took high point honors with 15 fol-

lowed by teammate Reed Rosenberg with 14. Though the high scoring De Bernardi twins were missing, Bob Dumas, John Gray and Ken Smith filled in the gaps in the Big Warriors line-up. Ron La Rosa did a good job for the Vultures tanking 10 points. Jim Tarantino also looked good for the Vultures.

Sharpshooting Telvis Jones hit eight field goals and two free throws to collect 18 points and pace the PAL Lakers win 39-26 over the OLPH Alley Cats. Overshadowed by Jones' performance was Mike Parodi's 16 points for the Alley Cats. The game saw the Alley Cats get off to an early lead on the shooting of Parodi. The second quarter saw the Lakers catch up and then go ahead by one point. Second

half play was dominated by Jones and Black whose high scoring play won the game.

Fifth Grade League
Opening practice games in the 5th grade league saw the OLM Dons outscore the PAL Jaguars 20-18. Don Proctor hit four points for the Jaguars.

The Jaguars will meet the Dons again in league play. Holy Angels Lions took their first game from the OLPH Bumble Bees, 19-14. Steve Kone meshed eight points to pace the Lions. Tim Deanning was high for OLPH with seven points.

The OLM Gaels showed their power, defeating the PAL Eagles 28-21. Glen Phillips of the Gaels put in an outstanding performance scoring 12 points. Larry Belfrage

of the Eagles amassed eight points for his team.

Bill Antracoll led the OLM Hawks to a 24-18 victory over Sherit Israel Knights, contributing nine points. Helping Bill was Stephen Roche with five points. Alan Newman took honors for the Knights with five points.

The Holy Angels Colts and the BYA Bender Roofing Cats had a real downybrook with the Colts winning 26-25. Abs Shaffer of the Cats collected high point honors for his team with 13 points but could not put his team in the win column. The Colts won on the scoring of Scott (10 points), Dillon (8 points), York (6 points) and Kone (2 points).

Ron Papes put on a one man show as his PAL Jet team went over the OLPH

Hilltoppers 20-12. Papes hit 15 points for the Jets and teammate Steve Long hit the other five for the total. Guidice and Perkov shared high point honors for the Hilltoppers.

PAL Viking's Gary Ciadella took high point honors in the 6th grade league with 16 points scored in the 30-17 win over the PAL Little Warriors. Tommy Belvin hit 10 points for the Little Warriors. Joe March and Gary Wilson hit six each for the Vikings.

Ben Franklin Triumphs
The Ben Franklin White Falcons showed a well balanced team as they opened their season with a 19-6 victory over the BYA Matadors. Scoring was a team effort with all players contributing towards the total. Defensive play held

the Matadors to only six points.

Another well balanced team was the OLM Angels, who romped over the New Pisa Blues 21-9. Steve Green was high point man with eight for the Angels, but scoring for Feeley, Kilday, Figueroa, Burns and White told the story.

BYA Aero Motors nipped the PAL Wildcats 11-10 in a close one.

Allen "Bully" Olcese and Ron Casazza made a formidable combination as they matched ten point contributions to lead their PAL Bears to a 50-6 win over the OLPH Golds. The Bears look like the favorites for the crown with Delporto, Jones, Sanguinetti, Perrone, Charvillera, Proctor, and Nolan backing up Olcese and Casazza.

Down Indians, 50-36

Lucky Int'l's Nab Tourney

Paced by the tournament's most valuable player, Tim Fair, the Lucky Internationals defeated the Indians, 50-36, to walk off with first place honors in the first annual Daly City Yuletide Basketball Classic.

Joining teammates John Putnam and Tom Parker on the

all-tournament team, Fair led his team to victory with his all-around play and with 14 clutch points in the final contest. Prior to their final night victory, the Lucky Internationals had previously defeated consolation round champion round finalist Hamburgers, 29-20, the OLPH Gaels, 43-30, and semi-finalists Fenogies, 55-42, before putting the axe on the Indians. Over-all outstanding play by various members of the Lucky Internationals led the way to their victory.

The Indians, led by all-tournament team members Dan Cafferetta, Dennis Jew and Ken Anderson, powered their way into the finals by trouncing the Crusaders, 67-35, and the Kampus Kings, 41-28, before succumbing to the champions.

Consolation round winners of the five-night tournament, sponsored by the Daly City recreation department, were the Hamburgers, who defeated the Rams, 31-24, to walk away with the trophy.

After their first round defeat at the hands of the eventual tourney champs, the Hamburgers defeated the Flintstones, 38-30, and the Gaels, 32-27, to earn their shot at the consolation round. A well-balanced squad of ten players was the basis for the team's success.

Craig Helgoth of the semi-finalists Fenogies was selected the tournament's most sportsmanlike player. In addition to this honor, Helgoth also was the tournament's leading scorer and rebounder. Other members of the all-tournament team, in addition to Fair, were Putnam, Parker, Helgoth, Cafferetta, Anderson and Jew, were Bob Bias and Paul Howe of the Rams, Pete Pulos and Al Lujan of the OLPH Gaels and Bob Ryan of the Kampus Kings.

Chuck Vincent, director of recreation, presented the trophies and certificates to the

winning teams and deserving players at the conclusion of the championship game.

Other members of the championship squad included Steve Zarate, Joquin Andrade, Jim and Dan McGowan, Mike Bowens and Bob Hansen.

Game scores for the tournament:

First Round
Kampus Kings 38 Mo-hawks 23

Crusaders 56, Gunners 16
Fenogies 57, Flintstones 22
Lucky Int. 29, Hamburgers 20.

Second Round
Kampus Kings 35, Rams 20
Indians 67, Crusaders 35
Fenogies 46, Red Hot Choleys 15.

Lucky Int. 43, OLPH Gaels 30.
Third Round—Consolation
Gunners 45, Mohawks 39
Rams 43, Red Hot Choleys 35

OLPH Gaels 45, Crusaders 21
Hamburgers 38, Flintstones 30

Semi-Finals—Champ Round
Indians 41, Kampus Kings 28
Lucky Int. 55, Fenogies 42

Semi-Finals—Con'tation Round
Rams 46, Gunners 23
Hamburgers 32, OLPH Gaels 27

Finals
Lucky Int. 50, Indians 36
Hamburgers 31, Rams 24 (Consolation)

BOB BIAS of the Rams and Archie Cordova of the Hamburgers fight for a rebound in the recent Yuletide Holiday

basketball tourney at the Memorial gym. Looking on are the Ram's Ron Cook (10) and the Hamburger's Don Fi-

caro (54). The Hamburgers won the consolation play-off 31-24.

Gator Cage Record

Kevin Duggan, a member of the San Francisco State Gators basketball team, 1950-52, holds the school's scoring records with 1,336 points and a 23.9 average. Duggan hit 718 points in 1950-51, and 618 in 1951-52.

Dose Holds Record

Tom Dose holds the Stanford freshman records for most points scored in a single game and in a single season. He set the single game mark of 38 points against the University of Santa Clara freshmen on Feb. 3, 1961. His 1960-61 season total was 313 points in 16 games.

New All-Purpose Speedway To Be Built In Daly City Area

By GARRY NIVER

A new \$250,000 auto racing emporium, being built by Championship Raceway Corporation, is already under construction just east of Daly City in the Brisbane section of San Mateo County.

Heading the group of owners is Daly City's Jim McClelland, who is also one of the owners in Champion Speed Shop in South San Francisco.

The 40-acre area, which will include a racing oval, grandstands, concession and parking space, has been approved by the San Mateo County planning commission and building department, and the grading has already started.

"It is a much needed facility for the vastly growing West Bay," said McClelland, who also runs the Half Moon Bay and Cotati drag strips.

"We hope to be able to provide a first class recreation

and entertainment area, which up to this point has been conspicuous in its absence," said McClelland. The last speed-

McClelland, a former dragster pilot, has delegated March 30 as the completion date. At that time, the corporation expects to have a three-eighths mile oval, a 5,000 capacity grandstand, concession stands and parking area available for 8,000 autos.

Equipped with lights, the track will operate on Friday and Saturday nights. The owners announced that they will run motorcycles, midgets, sprint cars and hardtop races.

The track will also bring the popular destruction derby back to the North Peninsula.

McClelland reports that more than \$125,000 will be invested in the raceway before the March opening. He stated that \$60,000 alone is being spent for grading and filling.

The site, which is across the way from Candlestick Park in the Brisbane flats, should attract all types of auto racing

Jim McClelland
Speedway Owner

way of this type was down the Peninsula in Belmont. It ceased operations in 1958.

THE MOST POWERFUL VOICE IN NORTHERN CALIFORNIA

It's SPARE TIME

at Westlake Bowl
By JIM GREALISH

Pins were falling freely at Westlake last Wednesday as Mel Steinberg rolled eight consecutive strikes for a 283 game and 621 series in the 99ers Mixed Fives, and Vince Ferrigno shot a 255 game and 617 series to lead the Westlake Classic.

Our best wishes for a speedy recovery to Rich Merlo, who is temporarily confined to a hospital.

The December issue of Prep Pin Fitter, official publication of the American Junior Bowling Congress, lists our McDougall team as leading the nation with a high team series of 3064, 95 pins higher than the second place team. Their high game of 1067 is second highest in the country—only one pin behind the first place team. In the girls' division, Jerri Morris holds second place in the nation for both high game and high series with 237 and 519, respectively.

A new leader took over in the Westlake Knolls League as Len Chernak shot a 203 game and 541 series.

New Year's eve will be "drop-in" time at Westlake Bowl as Angie Ferrigno's combo will be on hand to provide danceable music from 9 to 1 a.m., and Bill Davis will serve a midnight buffet for Westlake bowlers who drop in for a visit.

The bowler of the week had to be John Yates in the Friday Mixed Fours as he posted a big 253 game and 643 series, while the same night Jim Russell led the Telco League with a 235 game and 624 series.

Tom Dillon has made a return to form as he led the A-1

Nursery Men's League with a 200 game and 535 series. Other high shooters in this Wednesday morning league were Bob Mattnoll, 213, and Vic Demody with 202.

Emily Drago became a repeat winner in the Ladies Friday Afternoon No-Tap as she rolled a 695 to take first prize of \$7, while Mildred Garrett took the \$4 second prize with a 681 total. High game honors went to a visitor from Oakland, Rose Cleary, with a 214 game.

More than 100 entries were registered the first week in our Junior Christmas tournament as Phil Hargrove strives to keep the standings board current. With each squad that shoots, new leaders are registered.

The Broadmoor Mixed Fives produced its share of high games and series last week as Sharon Sylvester led the ladies with 160 and 461, while Bob Johnson provided the top scores with a 231 game and 615 series.

Irwin Penn's average keeps going up and up—this time due to his 616 series in the Westlake Knolls League with a high game of 228.

News Call-Bulletin cartoonist Lenny DeCarlo sketched himself a fine 206 game and 602 series to take top honors in the 850 Majors.

Shirley Vellore led the ladies and Bob Brown was the leading man in last week's Sunday Evening No-Tap Sweepstake. Shirley took home \$9 for her efforts, while Bob won \$10 for taking top honors in the men's division. Second place prizes went to Sharon Sylvester and Joe Callas.

SEA BOWL NEWS

By MARIE SEMLAR

Things have been rather quiet during the "Bah, Humbug!" season—what with many leagues taking a breather; however, here goes:

The Pacifica Federated Women's League had a jolly Christmas party, including gifts, goodies, and a wassail bowl. Their "spirits" were indeed high as Loretta McCurdy scored to a 178 (winning her an extra prize), and Marys Mathews garnered high series of 453. These gay gals need three bowlers on Tuesday afternoons at 12:45. Contact Marge Martinez at EL 9-2358.

Those sailors are back again. Pacifica Boating Club had Jack Hughes 225-589, and Donal Hart 209-516 at the wheel.

The Prop Riders propelled for high team game and series. Monday's Yawners evidently stopped at "Java Junction" as they appeared wide awake in these: Lois Mobley converted the 5-7 split to wind up a 180 game and 470 series. Claire Bryan "turkled" in the tenth frame and won for her team.

Sunday Sleeper stars were Ron Silverman, 211-597, and Irene Puller, 185-445. Gus Baldocchi singled a nice 196. The Adult-Junior Stars were paced by Mike Cristofani, 165 average junior, who shot 202-203-204 for 609.

Dolly Thielens smacked husband Gil in a 185 to 197 top-per. Dick Krone posted a nice 209.

Tavern Leaguers watched Al's Cafe shoot a nice 932 on Mac McAfee's 216 and Bob West's 223. Other wood choppers were Ernie Strickland, 225; Nat Carino, 222; Joe Boyle, 221; Nick Gust, 214, and 213 each by Whitney Hazen and Gene Morgan.

Pacific Travelers blinked at Ray Miller's 266-615; Walt Henkel's 213, and Helen Felt's 164.

Metro Mixed Travelers' leaders were Dan Andrade, 231-220-646, and Fred Quinn, 635. Tuesday's Men's Handicap watched David Browning shoot 244 a week ago; this week Bob Alexander hit 233, and Gord Schaefer, 203.

Our Pro Match League, the highest scoring league this year, has seen a 276 by Art Rose, who tied Les Myer for high game; watched Bob Peterson's 229-620, and a nice 232 by Dave Hyton.

Tuesday's two sparklers were Mike Romano with 223 and John McBride, who hit 214. Pintwiper decorations were contributed by Ezra Geisell, 215; Jim Madden, 210; Sharon McGuiness, 171, and Jackie Madden, 164.

Stardusters swinging on a star were Jan Stanley, 219; Louise Moore, 199, and Rhilda Ross, 190.

Beachcombers added fine scores by Jerry Sones, 244-630; Floyd Warnock, 224, and John Laird, 205. In this league Margos Pintos, a 699 average team, shot 693-693-693 while losing two games.

Wednesday's Men's Handicap contributions were by Mel Tucker's 221; Al Winter's 221 and Harry Norduchi's 204.

The Mixed Masters were highlighted by a lead-off battle between Bob Wilson, 233-604, and Ernie Mobley, 211-612. George Keefe chipped 219 and 224 after a 135 start.

Belles and Beaus beauties were C. E. Carlton's 232 and Bill Pond's 220.

Merchants Handicap capers were Jim Gilbride, 213; John McGuiness, 208, and Art Thomas, 201.

TV and RADIO

By Mona Baker

The big news at KPIX is "The Big News" (weekdays 6 p.m.) an hour long, in-depth news show which premiered recently over Channel 5 with 45 minutes devoted to locally-originated news and 15 minutes to CBS originated news. Bill Tracy is anchorman, and reporters are Van Anberg, Nancy Clark and Don Brice.

Reviewing the news show, we would like to toss a couple of bouquets as well as several criticisms. We like a longer news show because it makes for more thorough and detailed coverage of a news event. Also the contrast of personalities and voices was most welcome. Particularly impressive were several unusual camera techniques used such as flashing still photographs on one half of the screen as the reporter delivers the news item.

We would like to see more coverage of Bay Area stories and features. There is a wealth of stories in the nine counties covered by Channel 5 and more suburban coverage would create more widespread interest.

Another suggestion, why the title "Big News?" Such an ambitious undertaking rates a more lively and descriptive name in keeping with the plans for the show. We are going to put on our "thinking cap" and come up with a suggestion. Tune in on the program and perhaps you'll have an inspiration. If you do, let us know.

Dropped by "The Music Man" last Saturday night at Oakland's California Playhouse and found the show most delightful. The entire production is brimming over with good voices and talent, is well staged and moves right along. Susan Alexander of Daly City is captivating as Gracie, the mayor's daughter, and equally charming as one of the dancers.

The popular musical comedy will be playing weekends until March so why not plan to take in the show. Telephone OL 5-2381 or KE 6-0410 for reservations.

Good news for another localite—Lamont (Tommy) L. Thompson, who was one of the early residents of Broadmoor Village when he was CBS manager of television sales in San Francisco. He has just been appointed sales manager of KPIX, returning to the Bay Area after ten years spent in the east where he served in various capacities including Director of Client Relations for CBS spot sales and more recently affiliated with TVAR opening their Chicago office.

Welcome back, Tommy and Betty!

COMING PROGRAMS: KTVU announces purchase of recent top MGM films with first one scheduled Jan. 6 & 7, "Mogambo" starring Clark Gable, Grace Kelly and Ava Gardner.

Beginning 6th season "Ski Reporter" with Eric Johnson heard Thursday, 7 p.m., KGO Radio with latest information on snow, road, ski and weather conditions.

"Twilight Zone," popular dramatic series returns to CBS network on Jan. 3 with weekly one hour show.

Serra Bowl News

Monday is bowling day at Serra Bowl for the Jefferson High School junior league. Through the combined efforts of the academic athletic program and the Serra "Learn to Bowl" course, more than 40 full-fledged bowlers now take to the lanes for an afternoon of healthy fun and competition. After two weeks of action, teams number 2, 5 and 14 are tied for first place with teams number 1 and 10 locked in second but running close behind.

Joan Kauffman's 134 leads the league in average, followed by Ruthie Beecher, 133; Judy Hovilo, 129; Joyce Libby, 125, and Diana Davidson, 118. Pretty good for girls who had never bowled before up to two months ago!

The Thursday afternoon ladies "Domestic Engineers"

league took time out of their regular schedule to compete in the women's B. P. A. A. tournament currently in progress at Serra Bowl. When the totals were counted it was South City Poultry, 2835; B. Fontana & Sons, 2821, and Nick's B & N Nursery, 2821, emerging as first round qualifiers in this big event. Betty Fontana took individual high game honors with a hefty 228 while Dee Golobich cornered the market in consistent scoring with a 209-509 total.

Allene Hayes is a novice bowler with a league average of 98. Only one week after purchasing a new ball and shoes, Allene joined the Serra "Spare Timers," an afternoon league for housewives, and rolled a terrific 443 series that included a 215 "perfect" game... 117 pins over her average.

Class 2 had the high scores in last week's qualifying for the News-Call \$9,000 win-a-car tournament. Charles Spisak put together games of 234, 215 and 195 for a 644 total, while Tom Hutcheson posted a sturdy 601 with a 232 single for second spot.

Other unofficial qualifiers were: Class 1—Frank Wild, 599, and Ed Gregorie, 585. Class 3—Bill Dodd, 551, and Bob Taylor tied with Art Levan at 550 each. Class 4—Henry Jensen, 517, and David Valine, 514. Class 5—Lawrence Boehle, 551, and Dick Noack, 495. Class 6—T. Bacigalupi, 572, and Donna Shulosa, 571. Class 7—Sharon Bauer and Ruth Maniscalco, 478 and 410, respectively.

Hints on Better Bowling

Use proper equipment—whether beginner or expert, all bowlers should use a ball individually suited to their requirements. Regulation bowling balls come in weights of 10 to 16 pounds. Use the weight that feels most comfortable for you... avoiding those especially, which are too heavy as these will tend to make you drop your shoulder, thus throwing you off balance as you release the ball.

DINING AND DANCING

From A Feminine Viewpoint...

By Mona Baker

A bright new year and ahead one of the busiest times of the year for the many women's groups active in Daly City, Pacifica and South San Francisco.

One of the most popular events of any women's club is fashion shows and the past year has seen many well attended events held by various groups. Particularly successful was the monthly YWCA "Thursday Day Girl" luncheon-fashion show presented in cooperation with the Westlake merchants and attended by almost one thousand women during the past year.

Extremely well attended too were the weekly fashion shows presented by "The Fashion" at Westlake Joe's and the beautiful new Cypress Hills clubhouse.

Already on the social calendar for the new year is a host of fashion shows. The first YWCA luncheon will be on February 7, a gift show with Rich- ters participating. The ninth annual luncheon-fashion show presented by the Westlake Catholic Women will be held on February 9 in the Grand Ballroom of the Fairmont. Also to be held at the Fairmont is the Holy Angels Women's Guild annual fashion-luncheon show this year centered around a Grecian theme. "Gardens of Shalimar" will be the theme of the fashion event planned by the Mothers' Club of Our Lady of Perpetual Help to be held on February 16.

Oriental decor will highlight the "Cherry Blossom" fashion show scheduled by the All Souls Women's Guild to be held at the Thunderbird Hotel also on the 16th.

Progress was made in a musical way during the past year with the formation of the women's vocal group called the Daly City Belle-Tones. They appeared before many community organizations during the past year and already are scheduled into the new year. (They welcome new members with chorus experience. If you have a "yen to sing" telephone director Patti Stoltz or contact the Daly City recreation department).

Anticipating rapid growth during the coming year is the Westlake Senior Citizens group whose membership has doubled during the past year. They join together every Wednesday for a pleasant social time of music, games and fellowship.

Behind all these community activities are many women who give countless volunteer hours to make the activity a success. During the past year almost fifty community leaders, new residents and long-time residents, have been saluted for their efforts on behalf of the community and their organizations.

During this new year, more women will be honored. If you have someone in your club that you feel is deserving of recognition, do let us know.

FASHION 1963: What's new in the fashion picture for the new year? Rumor has it (although style centers and Paris designers haven't made any formal announcement) that skirts will be slightly longer.

Colors are going to be brighter for the coming season with one of the newest shades, brilliant daffodil yellow and bright sky blue.

Hair styles are going to be more sleek. A new trend, hair done up in back, but straight down over the cheek in front.

It will be a more sparkling season too with jeweled necklaces and bracelets to pep up your new spring suits. Jewels have gone to your feet too, with stone trim and in some shoes straps made of chains instead of leather.

Shifts continue to make fashion news running the gamut from brilliant Hawaiian prints to stripes and pastels.

High fashion for your spring cottons, cotton stoles of the same or contrasting material.

Make-up will be more subdued and natural with a sort of luminous glow.

SOCIAL WHIRL: Holiday gatherings large and small seemed to be held all over Daly City, Westlake, Colma and other environs of our North County during the past weeks.

Disbursing holiday treats of British or Canadian origin were the Jack Spratts of Sweetwood in Broadmoor. Dorothy's shortbreads, plum puddings and raisin tarts are a bit of the old country to delight all those lucky enough to be on hand for samples.

On Olcese court in St. Francis Heights the Collins Ortens entertained relatives and friends at a Saturday afternoon gala.

The Tannehill-Milans on 88th were among those enjoying the thrilling young voices of wandering Christmas carolers from Broadmoor Presbyterian Church. The group of high schoolers favored several homes with their music and ended their Sunday evening singing stroll at the home of Rev. and Mrs. Herbert C. Tweedie on Nimitz, where refreshments were waiting.

NEWS BRIEFS: January 10 is the date of the coming installation of the new officers of the Lionsess with hostesses Bernice Hannah and Ginger McClain. Members are looking forward to the Lions District 4 Convention to be held in San Francisco in a couple of weeks. Several activities are scheduled for the ladies with a buffet dinner dance and luncheon on the social schedule.

Just returned from Hawaii are Lt. Col. and Mrs. Cecil McDaniels, and little son Michael. Col. McDaniels has recently retired and they spent a three weeks' vacation in the islands.

A REMINDER: Do let us hear from you about your activities, plans, parties, visiting relatives or friends, etc. Write Feminine Viewpoint, Westlake Times, 3317 San Jose avenue, Daly City.

Romantic News

Joyce Ann Shanoian To Wed Bob Kennedy

By Bonnie Gillespie

Romantic news was made last week as Mr. and Mrs. Arthur P. Shanoian of 101 Edgeworth avenue in Garden Village announced to friends and relatives the engagement of their daughter, Joyce Ann Shanoian, to Robert F. Kennedy.

Mr. Shanoian revealed the young couple's betrothal at a large family gathering held at the bride-to-be's home on Christmas Day.

The surprise announcement also included word that the couple have tentatively chosen August or September for their wedding.

Joyce, who is well known locally, is a member of the initial 1958 graduating class from Westmoor High School. Her prior education was received at Garden Village and the Colma Intermediate School. Following her graduation from Westmoor, she attended San Mateo College with study emphasis on pre-nursing and teaching. She is currently employed at the Premier Insurance Co. in San Francisco as a qualified IBM operator.

Her fiancé, whose alma mater is Mission High School, is the son of Mrs. Robert D. Kennedy and the late Mr. Kennedy of 3056 Market street, San Francisco. He is an apprentice at the W. P. Goss Co.

Joyce is the sister of Marietta Shanoian, who is a junior at Westmoor High; Douglas Shanoian, who is in his senior year at the same school and Arthur P. Shanoian, Jr. who was graduated from the local institution in 1960.

The bridegroom-to-be is the brother of Mrs. Robert L. McClerkin of San Francisco and the uncle of young Cheryl and Richard McClerkin.

Joyce is the grand-daughter of Emile Cosetti of Hayward, and the late Mrs. Cosetti. Among her first cousins she includes the noted fashion designer, the Countess Alexander of Fifth avenue, New York City.

The bride-to-be has many relatives living in California. Among those present at the Christmas-day gala and hearing Joyce and Bob's romantic tidings first hand were aunts, uncles and cousins from both the maternal and paternal sides of her family.

From Hayward were Mr. and Mrs. James Cosetti and Tim Cosetti, Mr. and Mrs. Romeo Cosetti, Chester Cosetti and Jack Cosetti. The contingent from Fresno included Mr. and Mrs. Harry Koglian and young Frances and Anna Marie Koglian; Mr. and Mrs. Mike Chelipigian and son Elliott Chelipigian; Mr. and Mrs. John Shanoian, Paul and John, Jr.; and Mr. and Mrs. Joe Marcelli with youngsters.

Scholarship Is Theme For Mercy High Guild Meet

Mrs. Dennis Smith, president of the Mercy High Guild, has announced a change of date for the next meeting.

Instead of meeting on the usual first Thursday evening, the Guild is asked to assemble at the school on Jan. 10 at 8 p.m. to hear members of the faculty advise parents on scholarship availability and requirements.

Another change in the regular meeting schedule will occur in February. Mrs. John Cresalia, program chairman, is planning a family night for Feb. 1 which will replace the customary monthly gathering. All are invited to join in the fun. Games, prizes and refreshments will all be provided for those making the one dollar contribution.

Meanwhile, Mrs. Smith announced, reservations may be made for the parents' dinner-dance to be held at the California Country Club on Feb. 23.

Ruths Observe Twelfth Night

Members of the 1962 Ruths Association of San Francisco, and their escorts, will meet for a "twelfth night" pot-luck supper Sunday at the home of Mrs. Lola Sainsbury, 636 Skyline drive, Daly City.

Secret pal gifts will be presented as well as an exchange of gifts for members and trailers.

Mrs. Mettie Woodward is chairman for the affair, serving with retiring president Virginia Tobias.

Mark, Doris Ann and Rose Mary.

Unable to attend, but also of Fresno, was Peter Minasian, another uncle of the bride-elect.

The future Mr. Kennedy's family is also represented in Merced by Mr. and Mrs. Charles Andonian and cousins Karen, Kathy, Janice and Richard Andonian. In San Diego, her aunt is Mrs. Patricia Jones, the mother of Carl Jones. She is also the niece of the Peter Shanoians of Selma and the cousin of Ronald, Melvin and Nancy Shanoian of that city.

17th District Calls Historians To Workshop

A workshop meeting, geared to serve the historians of the 17th District of the California Congress of Parents and Teachers, will be held Monday morning at the Health and Welfare Building in San Mateo.

All current historians, PTA Unit presidents or persons involved with the compilation of unit annual reports are invited to attend the informative session, which is planned to explain report requirements, deadlines and procedures of reporting.

The workshop will be held during the second hour of the regular executive board meeting, which meets from 9:30 a.m. until 11:30 a.m.

Historians, or their representatives, who are planning to attend the workshop should bring with them their Unit Annual Report Form booklet and any questions they might wish answered regarding its completion.

Rivera Friends Feted At Yule Annual Party

Holiday spirit abounded recently at the home of Mr. and Mrs. Armand Rivera, 1321 So. Mayfair, Daly City, as they entertained friends at their annual Christmas gathering.

Among the guests enjoying the edibles and potables were Meses and Messers. William O'Malley, Mike Hanlon, Frank Hanlon, William Rivera and Chuck Rivera; Meses. Mary Hanlon, Carlotta Zenius and Marge Blanton; the Misses Bridget O'Malley, Judy Blanton, Diane Rivera, Nancy Rivera and Mary Lou Rivera and assorted other children of the collected Riveras and Hanlons.

New State Textbooks On Display At Two Public Libraries

Have a 6th or 7th grader in the family? Interested in his study material?

Dr. Laura Doyle, member of the State Curriculum Commission representing San Mateo County, has announced that textbooks recommended to the State Board of Education by the commission for adoption will be on display at the Redwood City and Palo Alto public libraries through Jan. 9.

W'lake Women's Donut Sale Jan. 15

Tuesday, Jan. 15, has been selected as the date on which the Westlake Catholic Women will present a donut sale to be held at Hunt's Donut Shop in Westlake.

Special feature of the sale, in addition to the donuts being fancy and assorted, is that the manufacturer will turn over the entire profits to the Westlake Catholic Women. All proceeds from the event will benefit the building fund.

The chairman of this affair, Mrs. Edward Beltramo, and her co-chairman, Mrs. Mario Beltramo, have announced that the hours of the sale will be from 7 a.m. until 6 p.m.

Many fancy and assorted donuts, suitable for parties, will be available to all who

participate in the sale. The shop will be staffed for the day by members of the Westlake Catholic Women.

As chairman, Mrs. Beltramo urged members and friends of WCW to "Give your family and friends a treat on January 15, by visiting Hunt's Donut Shop and purchasing some of the delightful treats that will be available."

"My Friends" In Art Show

Artistic creations by children throughout the United States will be on display at the Stanford Museum in Palo Alto from Jan. 7 until Feb. 2.

Using the theme "My Friends," examples of the finest creative paintings produced in the Nation's public and private elementary and junior high schools, representing ages five through fifteen, will be on display.

The collection embraces 100 works, selected for exhibition from more than 11,000 paintings submitted from 38 states.

The show, which will be open to the public from noon until 5 p.m., is the Fourth Bi-annual Exhibition of American Children's Art.

OJD Moms To Meet Tuesday

The Mothers' Club of Bethel 198, International Order of Jobs Daughters, Daly City, will hold its initial 1963 meeting Tuesday, Jan. 8.

Hostess for the 7:45 p.m. meeting will be Mrs. Hilda Dennis, 99 Teresa street, Daly City. Sharing hostess duties with Mrs. Dennis will be Mrs. Frances Ditz.

Peninsula Hair Stylists Predict End Of Bouffants

For millions of American women, the "bubble will burst" come 1963. At least, this is the opinion of Sally Ponce and Peter Hantz who will represent Northern California at the Official Hair Fashion meet in Atlantic City, January 5 and 6. It is expected that the bouffant hair trend, which has dominated the heads and hearts of the nation's lassies for the past few years, will have its death knell sounded.

According to Ponce and Hantz, two of the nation's leading stylists who operate the Ponce College of Beauty and Mr. Max Beauty Salon in San Mateo, the year 1963 will mark the return of the "close cropped, flat topped" look.

The official Hair Council meets annually to unveil the new hair style for each year and to set the pattern and trend for the nation's beauty salons. This group has much the same influence and effect on how women of America wear their hair that the Paris Fashion industry has when it reveals its newest lines. One difference, however, notes Sally Ponce.

For the past three years, it has been the American coiffures which have set the trend for Europe as well as

America; quite the reverse of the Apparel industry. Sally Ponce and Hantz will return to the Bay Area January 10 at which time they will reveal "the new look in coiffures for '63" to a special conclave of Northern California fashion editors.

SECTION 2

Westlake Times & Shopping News and Daly City Record, January 2, 1963

WOMEN'S ACTIVITIES

Past Presidents' Club For Auxiliary Group

The formation of a past president's club has been announced by Old Glory Auxiliary No. 2044, Daly City.

At the new group's initial meeting, held at the home of Leona Kester, the organization named Louise Crowley an honorary member and chose Ethel DeWitt to serve as president with Eleanor Cochran as secretary.

Recent activities of Old Glory Auxiliary included the serving of a turkey dinner at the War Memorial Community Center, with a visit from Santa Claus, presentation of gifts for children and adults, carol singing and entertainment.

Six hand-made afghans for wheel chair patients were among the gifts delivered to the Veterans Hospital at Palo Alto recently by Mrs. Emma Porter, hospital chairman, and Mrs. Camille Beckett, president of the auxiliary.

Art And Games Among New YWCA North County Classes

A new schedule of classes beginning the week of January 7 and including many never before offered has been announced by the North San Mateo County YWCA. Advance registrations for the six week program should be made at the Y office, 375 So. Mayfair, PL 6-7370.

Among the brand new classes are two for school age children, an art class and a recreational games class, which should prove popular with the six to twelve year old set and their parents. The art classes will be held on Saturday mornings at the Westmoor Park Clubhouse and will cost \$5 for six lessons plus a small fee for supplies. The games classes for six to nine year old children and for ten to twelve will feature instruction and participation in table games such as dominoes, par-chesi, and chess. These are scheduled for Friday afternoons at Christopher Columbus School.

A completely new "Ladies Day with the YWCA" has been planned for Wednesday mornings at the War Memorial Building. Sharing nursery service and a joint coffee break will be classes in knitting, bridge, short story writing, and a new class in alterations and mending, keeping the family wardrobe in perfect order.

The complete schedule of classes follows: For the pre-school child there is creative group play one morning a week. This large Y program will be held Monday through Friday 10 to 11:30 a.m. at Westlake Clubhouse, Tuesday and Wednesday 9 to 10:30 a.m. at West-

moor Park Clubhouse, and Monday 10:30 to 12 noon at the War Memorial Building. Pre-registration is required for this program. Call the Y Office for details.

Ice skating for mother and child at the Legg School of Ice Skating, 1951 Ocean Avenue, San Francisco, on Tuesday morning 10 to 11 a.m. The fee for both is \$9.

Swimming for mother and child at Larson Pool, 19th Avenue and Wawona, San Francisco, on Friday from 10 to 11 a.m. The fee is \$5 for both plus a small pool fee each week.

Basic dance for boys and girls on Monday afternoon from 2 to 2:45 p.m. and 3 to 3:45 at Westlake Clubhouse. The fee is \$5.

For the six to twelve year old there is scheduled ballet and modern dance on Tuesday and Wednesday afternoons from 3:30 to 4:30 at Westmoor Park Clubhouse; hula dancing on Mondays from 3:15 to 4 p.m. and 4 to 4:45 p.m. at the War Memorial Building; tap dancing on Wednesday from 3:15 to 4 p.m. at Westlake Clubhouse. All dancing classes are \$5 for six weeks.

Baton twirling and marching will be given for girls on Thursdays from 3:30 to 4:30 p.m. at Westlake Clubhouse. The fee is \$3.

The games classes on Friday afternoons at Christopher Columbus School will be \$4 for six weeks. A minimum of thirteen children are required for this class, so interested boys and girls should register early and bring their friends. An art class for six to nine year old children will be of-

OBITUARY

Eugenio Dentone

Funeral services were held December 27 at the mortuary of W. C. Laswell & Company for Eugenio Dentone, 89 Second Avenue, Daly City, who died December 24 in San Francisco. Requiem High Mass was offered at Holy Angels

Church. Burial was in Holy Cross Cemetery. A member of the Flower Growers Association and a native of Sestri Levante, Genoa, Italy, Mr. Dentone is survived by his widow, Jennie; daughter, Mrs. Betty Ann Battaglia; brothers, Luigi and Giuseppe Dentone; sister, Mrs. Adell Rossi; granddaughter, Lori Ann Battaglia, and nieces and nephews in California and Italy.

Westlake Y-Wives New Year Meeting

The Y-Wives of Westlake, sponsored by the YWCA of North San Mateo County, will hold their first get-together of the new year on Monday, January 7, in the Westlake Bowl's banquet room from 9:30 to 11 a.m.

Women of the community are invited to attend a program on "Housework Made Easy." Many new techniques

to lighten housework will be discussed.

Hospitality chairman Mrs. Dean DeWitt will acquaint newcomers with Mrs. Robert Washford, president; Mrs. Paul Dab, secretary, and to many new friends.

A 50 cent fee covers facilities used, coffee and tea and the nursery provided for pre-school children.

BALLET AND MODERN DANCE classes for six to 12 year olds are among the classes being organized by the North San Mateo County YWCA.

Helen Keller, the great deaf-blind humanist, serves as international counselor of the American Foundation for the Blind. He octogenarian has held this position for over forty years, serving as a leader for all those in work for the blind and the deaf-blind throughout the world.

West of Junipero Serra

Four Junior Teen Clubs Open

The Daly City Recreation Department announces the organization and opening of four junior teen clubs for 7th and 8th grade students living west of Junipero Serra Blvd.

Opening night for each of these clubs will be Friday, Jan. 11, at 7 p.m. Location of the four clubs will be the Westmoor Park Clubhouse, the Westlake Park Clubhouse and the Daniel Webster and Ben Franklin Schools multi-use rooms. With the opening of these four programs, the Daly City Recreation Department's junior teen program will be expanded to seven clubs.

Activities for each of these groups will include dances, game and party nights, roller skating outings, picnics, and other events. Each club will be supervised by two members of the Recreation Department's staff and activities will be chaperoned by members' parents. Club activities and operation will be planned and

organized by officers elected by the club membership. Club names and operating rules will be determined by the officers after each club is organized.

Plans call for each club to meet the 2nd and 4th Friday evenings of the month from 7 to 9 p.m. at the sites indicated. In addition, each club will plan its own special activities and outings, money raising and community service projects, and will hold monthly officer meetings.

Membership in these clubs is open to any seventh or eighth grade student living west of Junipero Serra boulevard who lives in Daly City or attends a Jefferson Elementary School District school. Specific boundaries for each club are indicated on a map distributed through the schools to all seventh and eighth grade students and their parents.

Plans for the development of this program are being for-

mulated under the direction of Youth Activities supervisor Alan Boyd in cooperation with Leonard Herbst, principal of Ben Franklin Junior High School and its faculty, student day and PTA.

Additional information pertaining to the program can be obtained by calling the recreation department at PLaza 5-0850, extension 18.

According to the American Foundation for the Blind, Western Michigan University and Boston College are two institutions of higher learning that have initiated a program in peripatoly. It is designed to develop professionally trained instructors to teach modern travel techniques to blind people.

Garden Village PTA Holiday Program

The December meeting of the Garden Village PTA was highlighted by "Around the World in December," presented by Mrs. Lewis and Mrs. Schneider's classes, and the "Merry Years of Christmas," featuring the glee club under the direction of Mrs. Patricia Hackett, gave the audience an international sampling of customs and songs. The program was rounded out with an accordion interlude by Mark Fontana and Don Shotts.

In the spirit of Christmas, Cub Pack 259 presented to Garden Village PTA, their sponsor, several boxes of canned goods, which, in turn, the unit presented to the Broadmoor American Legion Auxiliary for distribution.

Third grade room mothers Mrs. Flanagan, Mrs. Giffin, Mrs. Harado, Mr. Lampe and Mrs. Meade assisted with the refreshments for the evening

and acted as hostesses for the children participating in the program. Hostessing for the parents were fourth grade room mothers Mrs. Blake, Mrs. Hess, Mrs. McKinney and Mrs. Petros. The Webelos of Cub Pack 259 served as color guard for the opening ceremonies.

Attendance at the meeting was excellent, resulting in a tie in recipients of the monthly attendance banner, with parents present from Miss Randisi's class equalling those present from Mrs. Schneider's class, holders of an attendance banner for the third consecutive month.

When evidence that gold had been discovered at Sutter's millrace on Jan. 24, 1848, reached San Francisco, the first gold rush from the city left only seven of the 900 inhabitants behind.

Unemployment Insurance Code Amended

Director of Employment Irving H. Perluss this week adopted three amended administrative regulations under the California Unemployment Insurance Code. Two have to do with the taxable value of meals and lodging furnished employees during 1963. The other pertains to eligibility for hospital benefits of claimants confined by doctors to nursing and convalescent homes when hospital beds are unavailable.

Higher food costs in 1962 have increased the taxable value of meals furnished to employees. Under the unem-

ployment insurance law, meals and lodging provided by employers are considered wages for unemployment and disability insurance tax purposes. Unless meals and lodging are stipulated in a union agreement or contract of hire, or are established as a basis for compliance with minimum wage laws, the schedules are established by the Department of Employment regulations apply.

The regulations have been amended, and effective January 1, 1963, the schedule will increase five cents a day if the employee takes either

three meals a day or dinner only (breakfast and lunch taken individually or in combination only remain the same). The 1963 schedule, therefore, will be: three meals a day, \$1.45; breakfast, 30 cents; lunch, 45 cents; and dinner, 70 cents. For a meal not identifiable as either breakfast, lunch or dinner, the taxable value is 50 cents.

There is no change in the value of lodging, which generally is taxed at two-thirds of the "ordinary rental value to the public," but with a maximum of \$75 a month and a minimum of \$2.50 a week.

Aboard ship, the value of meals is increased a flat five cents a day to \$1.45. Value of quarters for licensed personnel remains unchanged at 50 cents a day, and for unlicensed personnel also remains the same at 35 cents a day.

The amended regulations update the base on which these computations are made. Heretofore, the 1948 scale has been the basic valuation from which increases or decreases in values were computed based on the cost of living index as published by the Bureau of Labor Statistics, U. S. Department of Labor.

Cost of living indexes published by the bureau show the average retail prices of food in California cities from January 1 to September 30, 1962, were 24 per cent above the same months of 1948.

The amended regulations establish the 1963 scale as the basic standard schedule for the future in place of the former 1948 basic scale. The amended regulations retain the provision for modification of the 1963 basic scale whenever the average of retail food pri-

ces during the first nine months of any subsequent year varies by 10 per cent or more from the average prices during the same nine months of 1963.

The amended regulations having to do with meals and lodging were adopted by Perluss following public hearing this morning.

Also adopted as an emergency regulation, with public hearing scheduled for January 23, 1963, was an amendment which makes persons eligible for hospital benefits who up to now have been ineligible.

This amendment provides that a person is eligible for hospital benefits when confined to a state-licensed nursing or convalescent home, when the person's disability requires immediate hospitalization and a bed is not available in a conventional hospital.

"Under the former regulation, some claimants placed in nursing and convalescent homes by their doctors for no other facilities for them could not receive benefits to which they otherwise were fully entitled. This is unduly and unintentionally harsh and I am sure was not the legislature's objective. I am changing the administrative regulation to eliminate the hardship," Perluss said.

Renewal Notices Needed For Vet License Plates

Veterans who have VTN or VET license plates, free of any state charge, are reminded by Floyd D. Granger, San Mateo County veterans' service officer, to make out the red-striped renewal notices with corrections as needed and return them to the Department of Motor Vehicles so they can receive their new license plates. These plates will again be free of any charge as provided in California law.

Qualified veterans may obtain applications for the charge-free plates at the district office of the Department of Motor Vehicles.

Under state law, says Granger, a veteran who as a result of injury or disease while on active duty with the armed forces of the United States has lost both legs, or lost both legs, or has suffered permanent blindness, need not pay a registration or license fee for a motor vehicle in California.

The state law also provides that any paraplegic or disabled veteran who is entitled to such exemption is allowed to park his vehicle in restricted zones except at times and places where stopping, parking or standing of all vehicles is absolutely prohibited under state law or local ordinance.

Assistance can be obtained at the San Mateo County Veterans' service office at the courthouse in Redwood City.

San Mateo County Christmas Seal Dollars Aid Research

Christmas Seal dollars from San Mateo County are being used to support the research of Dr. Robert K. Jennings, a biologist with the Office of Naval Research.

Working alone in a San Francisco basement, he is developing a tool that will aid

physicians in the diagnosis and treatment of tuberculosis, other respiratory diseases, and cancer.

"Diagnostic tools are as important to medicine as a fork is to a meal," says Dr. James M. Bodie, president of the San Mateo County TB Association. "No miracle drugs or magic vaccines will come from Dr. Jennings' investigations, but his work will get diffusion precipitin analysis is equally valuable."

Gel diffusion analysis is one method of measuring antibodies, the chemicals the body produces in an effort to rid the blood stream of foreign matter such as the germs causing TB. Dr. Jennings aims to refine this method into a simple, yet precise procedure suitable for medical practice, according to Dr. Bodie.

In the course of his investigation, Dr. Jennings "invented" disposable plastic dish for his analyses, which will allow accurate and detailed measurements when perfected. It will be quite inexpensive.

"The end result," says Dr. Bodie, "will be a valuable tool permitting the physician to recognize a wide variety of diseases and to follow the patient's progress while undergoing treatment. It may be used to measure bacteria such as those which cause TB and rheumatic fever, and non-bacterial substances such as those involved in allergies and cancer."

"His research, with a minimum of equipment and under a grant small by today's scientific standards, is a good example of valuable investigations accomplished with limited expenditures. We believe this kind of work merits the Christmas Seal support of everyone in our community."

Capt. R. D. Burroughs To Study Missiles

Capt. Roger D. Burroughs of San Francisco has been selected to study the techniques used in Minuteman missile launch operations.

Captain Burroughs, who is deputy basic civil engineer at Bitburg Air Base in Germany, will be assigned to Chanute AFB, Illinois, in February for academic training and then on to Ellsworth AFB, South Carolina, for on-the-job training and further classroom instruction.

The captain, son of Mrs. L. Dean Balazs, 151 Pecks Lane, South San Francisco, is a graduate of Jefferson High School in Daly City. He received his B.A. degree from San Francisco State College.

The captain and his wife, the former Lucille Wardlaw of 47 Maddox avenue, San Francisco, have two children.

Jeff Grad Assigned To Goodfellow AFB

Airman Third Class Frank R. Lazo, Jr., son of Mr. and Mrs. Frank R. Lazo, Sr., 51 Vendome avenue, Daly City, is being reassigned to Goodfellow AFB, Texas, for technical training as a United States Air Force communications operations specialist.

Airman Lazo, who completed the first phase of his military training at Lackland AFB in Texas, was selected for the specialized course on the basis of his interests and aptitudes.

He is a 1962 graduate of Jefferson High School.

Interested in an expanding and rewarding field of social work? In a recent survey conducted by the American Foundation for the Blind, it was noted that there was a dire shortage of qualified personnel in work for the blind.

S.S.F. Woman's Club
To Hear Lawn Expert
 The garden section of the South San Francisco Woman's Club will present Miss Sue Adams, home service consultant from O. M. Scott & Sons, as the guest speaker on January 3.
 Miss Adams will speak on the latest research findings that will make lawn keeping a more pleasurable chore. She will also explain a similar program for roses that will help bring better and more plentiful blooms. There will be a question and answer period.
 The program is to be held before the regular meeting. The craft section will furnish the refreshments.
 At the December meeting, the membership chairman, Mrs. John Broughan, introduced the following new members: Mrs. Victor Lyman, Mrs. Anthony Wallace and Mrs. Eugene Strohmaier.

SM County Goodwill Needs Volunteers

Men and women, both young and old, are wanted to join the San Mateo County Goodwill Industries auxiliary, now being formed to set up its sponsorship of the champagne opening of the Decorators and Hi Fi Show, to be held at the Cow Palace, Tuesday, March 6.

Besides demonstrating the latest in hi fi equipment, an exhibition will feature rooms done by well-known interior decorators. Also on display will be a "Goodwill Room" designed by the volunteers, using furniture refinished by mentally retarded teen-agers who took part in Goodwill's pilot program to give part time em-

ployment to handicapped students.

Funds derived from the Decorators and Hi Fi Show—the first benefit staged by Goodwill in more than 46 years of service to the handicapped of the Bay Area—will be used to replace badly antiquated machinery used in the sheltered workshop. Built long before the earthquake and fire, the five-story plant gives full time employment to 275 handicapped residents of San Mateo and San Francisco counties.

Individuals interested in giving their time are asked to contact Dora Perry, Goodwill Industries, 980 Howard Street, San Francisco.

Highway Patrol Warns Motorist On Chains

Motorists traveling through mountainous or snow areas were offered a dual reminder by Capt. John W. Kennedy, commander of the California Highway Patrol's North County area.

"First, observe all chain control signs. Put chains on when required, and leave them on until an official sign indicates 'End of Chain Control.' Premature removal of chains is a violation of law, and also could prove to be extremely dangerous.

"Second, remember that there is no parking or stopping on freeways—including the shoulder and other portions of the right of way—except in an emergency. Sec-

tions of the two most heavily traveled east-west routes through the Sierras—U. S. 40 and U. S. 50—are freeways.

He also pointed out that a long highway other than freeways, vehicles should be parked completely off the main-traveled portion of the roadway.

"Your parked car also should be visible to oncoming traffic at least 200 feet in each direction."

Smog Causes Crop Damage

LOS ANGELES — Farmers as well as city people in California have reason to be fearful about smog.

They lose from \$5 million to \$10 million each year from smog-damaged crops.

Crops most susceptible to smog damage are tomatoes, lettuce, alfalfa, cotton, grapes, and citrus fruits.

What is being done about it? So far, says the Council of California Growers, a lot of basic research is being done to identify the various kinds of air contaminants and learn how they affect different plants.

This is being done at the Air Pollution Research Center at the University of California in Riverside, under the direction of Dr. John T. Middleton.

Effects of smog on human health, as well as upon food and fiber crops, are being studied at the UC center.

Smog damage to crops is not limited to the Los Angeles area, according to Dr. Middleton. It is now moving into parts of the San Joaquin Valley, which annually produces more than a billion dollars worth of farm products. The San Francisco Bay area also is recording increasing concentrations of air pollution.

Smog already has forced growers of lettuce, spinach, and salad greens to move from the Los Angeles area to Monterey, Santa Barbara, and Ventura counties.

Now, some of those who moved to the Ventura-Oxnard area, claim that Los Angeles smog has followed them there. How? On some days, they say, the wind blows the smog out to sea from Los Angeles, and then other currents carry it northward and inland toward Oxnard and Ventura.

Middleton and his researchers have found that 26 counties in California are "more or less affected by air pollution."

Farmers suffer from smog in three ways: (1) They must spend more money for irrigation because crops growing in contaminated air take longer to mature, (2) yields are reduced, and (3) quality is impaired.

Burlesque Dance Part Of Film Program At SF State College

The burlesque dance, the Paris of the 1920's and the pioneer movie magic of George Melies are part of the combination of short subjects being presented at San Francisco State College Wednesday, January 9, in the Main Auditorium at noon and 7:30 p.m. Admission is free.

"The Hard Swing" filmed at San Francisco's President Folies by Mike Putnam follows the dancer from dressing room to stage; "Bonjour Paris," a nostalgic look at the famous Casino de Paris, features Mistinguette; and "The Doctor's Secret" shows the early movie trick techniques by Melies.

Art Movies also offers a study of a Belgian surrealist painter "Magritte or the Object Lesson;" Jack Gold's "The Visit," a fictionalized documentary on the fate of a spinster; and "The Gravediggers of Guadix," a poetic treatment of the Spanish monks who dig the graves in the Granada area where the gypsies live.

The Art Movies series is conducted by John Gutman, Professor of Art. It is one of the Bay Area's pioneer presentations of unique films.

Gardener's Checklist

1—Many dormant trees—especially fruit trees—should be pruned now. Don't prune spring-flowering shrubs and trees until after their bloom, however.

2—Daphne, heather, azaleas and camellias are all to be found in bloom now and may be planted for quick color.

3—Peach trees should be sprayed to prevent leaf curl later on.

SM County TB Group Needs Contributions

After-Christmas reminders that Christmas Seal contributions are still needed are being mailed by the San Mateo County TB Association, according to co-chairmen Lennie and Ollie Moskowitz. They added that the 1962 Christmas Seal campaign will not close until March 31.

Stressing the need to meet the \$100,000 goal in San Mateo County, the twins revealed that in California, up to 40 per cent of B cases tested recently show resistance to one or more of the standard drugs used in treatment.

"This means longer hospitalization and more expensive treatment with much more toxic drugs for these patients," Lennie said. "It also means increased danger of drug-resistant tuberculosis spreading among the general population."

spreading among the general population."

Ollie added: "We were forewarned of this threat because of the drug sensitivity testing services made available by the \$50,000 appropriation bill passed by the 1962 state legislature. This legislation was vigorously supported by California's 54 local Christmas Seal associations."

In addition to sensitivity tests, the bill to date has provided lab studies on unclassified bacteria related to the TB germ, and 25 regional workshops on B bacteriology for lab technicians, according to Ollie.

"News of the increasing drug resistance can prove to be a setback to our hopes for early TB control," Lennie Moskowitz concluded. "With the help of Christmas Seal contributions, our San Mateo County TB Association will continue to push for support of the state department of health in combating this new threat to the public."

Over 157 Million Members Of The World Red Cross Celebrate 100th Anniversary

Over 157,000,000 members of the World Red Cross Family, including a million in the area of service covered by the Golden Gate Chapter, are this week celebrating the start of the Red Cross 100th Anniversary.

Headlines that tied Red Cross in with the Cuban crisis, thousands of dollars spent to help Bay Area families recover from the October heavy rain damage, millions of dollars spent in aiding victims of the Iranian earthquake show that Red Cross, despite its venerable age, is still very much in the forefront of humanitarian efforts. Yet these facts only tell part of the story, Red Cross does so much for so many millions of people at home and throughout the world, that its contributions could not be cited even through use of the latest IBM equipment.

It was 100 years ago that delegates from 16 European

governments gathered in Geneva, Switzerland and agreed to the forming of an organization "in all countries of Europe for the purpose of having care given by volunteers to the wounded in war-time without distinction of nationality." They had come largely due to the efforts of one man — "the man in the white suit" — Jean Henri Dunant, a Geneva businessman who had seen thousands die on a battlefield near Solferino, Italy because of lack of adequate care.

The following year, 1864, 24 delegates from 12 governments signed the First Geneva Convention, the basis of Red Cross action in international law, which covered the protection to be given to the wounded and sick of the Armed Forces. Since 1864, other Red Cross-inspired Conventions have been added to bring under similar protection members of the Armed Forces at Sea (1907), conditions under which prisoners of war may be detained (1929), and (in 1949) a Convention for the protection of civilians in this age of total war.

In the past century, the emblem of a red cross on a field of white has silenced guns in countless battles so that persons who are not active combatants could be aided. Today 90 nations recognize the emblem as a neutral and universal symbol of man's compassion for those in need.

Between 1602 and 1863, some 280 treaties were concluded between warring nations. Not a single one gave any consideration to wounded soldiers or those caring for them, nor to prisoners of war or victims of war. The First Geneva Convention and those that followed were clarion calls for the principle of respect for each human being in time of armed conflict. According to Red Cross, there have been only 250 years of peace in the 3,400 years of recorded history. It was the dream of Henri Dunant that war could be divested of some of its horror, that a set of rules could be laid down that all nations would respect and observe in time of conflict. His appeal was for all nations to adhere to such humanitarian doctrines for all time, not for a temporary period during certain conflicts.

Today our world is enveloped in a Red Cross network so interlaced and interrelated that no country lies outside its reach of influence. Limited at the origin to the amelioration of the condition of the wounded on the battlefield, this aid today has been extended to the alleviation of all suffering and to its prevention, irrespective of race, nationality or creed.

Auxiliaries to the public authorities, these Societies are governed by principles of impartiality, independence, equality and solidarity. Their major responsibilities include emergency relief to disaster victims, prevention of disease and promotion of health, training of nursing personnel, first aiders and other auxiliaries, and the education of youth through the practice of mutual aid, international understanding and healthful living.

Within the next few hours the following will be happening throughout the world: a highly-trained volunteer in Pakistan will conduct another class to train housewives in Red Cross home nursing techniques; members of the Ghanaian Red Cross will recruit blood donors; delegates of the League of Red Cross Societies will distribute another monthly allotment of food and other necessities to some 2,000,000 needy Algerians; in China, Red Cross volunteers will be supervising day nurseries for children of working mothers; in the Netherlands, the Red Cross Mothers' Milk Bank will again be a bee-hive of activity; in Bolivia, volunteers will be working to re-

educate delinquent teen-age girls, and the list could go on to cover thousands of pages such as this.

Other members of the huge Red Cross family are busy with tasks that have never come before and can never come again—preparations for the observance of the Red Cross 100th Anniversary in their homelands. Locally in the Bay Area, plans are being made for a year-long celebration not in the spirit of self-congratulations but in the usual practical Red Cross manner: for the recruitment of volunteers to meet the constantly growing need for Red Cross services in a rapidly expanding Bay Area.

The World Red Cross Family includes 56 million children and young people in 76 countries. Red Cross Youth have launched many important programs. Refugee children in Vietnam have received over 3,000 blackboards, 100,000 gift boxes, and many other necessities from American Junior Red Cross members. Boys and girls of the Turkish Red Cross have since 1936 sponsored holiday camps for delicate children in need of fresh air, good food and sunshine. Chilean Junior Red Cross members have made it possible for underprivileged children, from 6 to 12 years, to stay from two to three months, free of charge in one of their Preventoria. Canadian Juniors gave a Floating Dental Clinic to Newfoundland for use of children who were without dental care, because of difficulties in getting to the mainland.

All adult and youth services reflect the original faith of Henri Dunant, founder of the Red Cross 100 years ago, who said "Above all nations is humanity." It was his belief that peace and progress come with understanding between

peoples of the world and that the language of Red Cross is empathy—the ability to feel another's pain in oneself.

World leaders in saluting the humanitarian accomplishments of the Red Cross and seeing its potential for the future have energetically seconded Dunant's belief.

Albert Schweitzer has pointed out that "millions of people owe their very lives to Red Cross." Winston Churchill has praised Red Cross for "bringing about a better understanding between the peoples of the world." Dwight D. Eisenhower salutes Red Cross for "advancing the peaceful goals of mankind." And French philosopher Francois Mauriac, normally pessimistic, has said "Because there is Red Cross, there is hope."

The opportunities for the alleviation and prevention of suffering in the world are almost without limit. Most of the time the needs are vastly greater than the means to meet them. The Red Cross is doing all in its power to improve and to extend its serv-

ices in all fields and in all countries.

While there is no theology to which all men agree, any more than there is one national flag to which all men will pledge their allegiance, there is one ideal common to all men of good will—humanitarianism.

It is the purpose of the Red Cross to present the type of world organization through which all men may serve without doing violence to their patriotism or their loyalties—national, religious, racial—in the spirit of the good neighbor.

DC Soldier In Unique Inter-Faith Gesture

The just concluded holiday season of Christmas and Hanukkah observed at Fort Dix, N. J., by members of the Jewish and Christian religions has generated an interfaith gesture of good will by Jews who have made an unusual request.

Many Jewish soldiers volunteered to handle the necessary duties and tasks Christmas day, thus enabling Christians to observe their holiday uninterrupted by military duties.

Why? The answers, although obvious to some extent, sound best in the words of four such individuals who were on duty December 25.

Lieut. Mark Berger of St. Louis, Mo., who is the assistant S-4 officer for the United States Army personnel center, stated: "I realize the significance of the holiday for the Christian personnel, and also the fact that someone must take care of the essential duties here on post. It just makes sense to try and alleviate the problem, so I volunteered to be officer-of-the-day on December 25."

Specialist Four Donald Fried of Philadelphia also volunteered. Specialist Fried, a chaplain's assistant at Fort Dix, said: "I feel that since we're able to take leave for Rosh Hashanna, Yom Kippur and Passover, we should try and make it easier for those of another faith to celebrate their holy days. Although Hanukkah is a concurrent Jewish season, it is not forbidden to work during the observance."

Westlake Catholic Men To Meet Jan. 8

The Westlake Catholic Men's Club will hold its first meeting of the new year on January 8 at 8:15 p. m. at Our Lady of Mercy parish hall.

Membership awards and a good movie are scheduled in conjunction with the new business for the coming year. The movie is on the fire last fall in Bel Air and the devastation such a fire can cause.

Charlie Wester, club president, invites all prospective new members to attend this important meeting and join in the work of the parish with the present members.

Latin Methodist Youth To Visit St. Paul's

Four Mexican Methodist youth, with their leader, will visit St. Paul's Methodist Church January 16.

In preparation for their coming both Junior High and Senior MYF groups of the church will view an illustrated lecture on youth work in Mexico to be delivered by Rev. Robert A. Lundy, pastor, Sunday, January 6, at 6:30 p. m.

Rev. and Mrs. Lundy were counselors for a caravan of Methodist youth to Mexico in 1953. The public is invited to attend.

St. Paul's Church Board Meeting

The January board meeting of St. Paul's Methodist Church will be held in the parsonage on January 7 at 7:30 p. m. Mrs. Gordon Robinson will lead the devotions.

The Inter-City Wesley Fellowship will meet at the home of Linda Casiano, 777 McDonnell drive in South San Francisco on Sunday, January 6 at 7:30 p. m.

Holy Communion At St. Paul's Church

The Sacrament of Holy Communion will be observed at St. Paul's Methodist Church Sunday, January 6 at the 9:30 and 11 a. m. services. The pastor, Reverend Robert Lundy, will bring a meditation on the theme "What Jesus said about God."

Lieut. Ronald Fishman, a G-3 training officer from Des Plaines, Ill., and a staff duty officer on Christmas day, said: "Since Christmas is not a holiday I observe within my beliefs, I feel it is my duty to relieve another soldier of the Christian faith so that he may be home with his family at this time. We're all in the same army, and I'm sure one of my friends would do the same for me if I was slated for duty on one of our high holy days."

Another enlisted man who feels this way is Specialist Four Joseph L. Symonds, a native of Daly City, who works in First Battalion Headquarters of the Fifth Training Regiment at Fort Dix.

Specialist Symonds, who volunteered his services as commander of the relief for the holiday guard duty, commented: "Basically, the main idea is that Jewish soldiers normally get their own holidays off as well as the Christian holidays. I think it's only fair that the other denominations should be free of duty on their most important holidays."

NEW YEAR AGENDA

Westside Baptist Plans Activities

Put your New Year's resolution into action this first Sunday of 1954, be sure to be in Sunday Church School. This is the advice from the pastor of the Westside Baptist Church, 232 Mansfield drive, South San Francisco.

Westside Baptist Church provides Christian education for all age groups, nursery through adult.

"What God Can Do With One Man" is the topic chosen by the pastor, A. David Donnelly, for his 11 o'clock Morning Worship Hour message.

This is the beginning message in a series stressing church loyalty. Following the message, the ordinance of the Lord's Supper will be observed.

An added feature will be the singing of Miss Mary Ames Nelson of Mountain View.

Not only do young people need instruction, which they receive in Sunday School and through the church, but also they need opportunity to express themselves. Just such opportunities are provided

each evening, 6:15 p. m., at the Westside Baptist Church in the three Conference Youth Fellowship groups. Jet-Cadets, a stimulating and informative type program is offered to the junior age boys and girls, with Clair Sturdevant as sponsor.

These young people also have opportunities for social get-togethers during the year. The Junior High Conference Youth Fellowship group meets at the same hour with the pastor acting as sponsor.

The high school group meets with Bob Rutkowski. All of these groups use Bible centered material, and conduct thought-provoking and inspirational programs.

The Evening Gospel Hour is conducted each Sunday evening at 7 o'clock. This Sunday evening, January 5, the pastor begins a series of messages taken from the book of Ephesians, around the theme: "The Christian Life." This service is characterized by lively congregational singing and special music.

Voyagers Mariners Installation Dinner

The Voyagers Mariners of the Broadway Presbyterian Church are beginning a new year of activities with their installation dinner to be held in the church social hall on Saturday, January 5.

The dinner will be served by the Women's Association

and guest speakers will be Clifford and Elsie Tufts, National Mariner chaplains from Sunnyvale.

The December meeting was held Saturday, December 15. The group progressed from house to house for dinner.

Temple Judea Board Meeting Today

Temple Judea's first Board Meeting of the New Year will be held this morning, January 3, at 10 o'clock at the home of Mrs. Hillard Goldstein, 111 Lunsford Way, San Francisco.

On Thursday, January 10th, Temple Judea Sisterhood will hold a General Membership Meeting at 12:15 p. m. at the Temple at 95 South Mayfair avenue, Daly City.

Mrs. Louis Winer from the Speaker's Bureau of the National Federation of Temple Sisterhoods will give an address to the ladies.

Dessert and coffee will be served.

Four of the nation's 50 largest banks are headquartered in San Francisco.

MATER DOLOROSA Church will hold its quarterly paper drive January 5 and 6, according to co-chairmen Jack Byrne and Harmon Hallett. Vans will be located on the

church grounds at Forestview and Miller drive in Sunningdale Gardens. Drop-off points for the Serra Highlands and Winston Manor areas will be at the following locations: Winston Manor No. 1 — Larry O'Neill, 19 Graystone drive, PL 6-4486; West Winston — Frank Donahue, 110 Clay drive, PL 5-5343; Serra Highlands, and Bob Healy, 524 Joaquin drive, JU 8-3050.

Thursday morning, January 3, at 10 a. m. the Women's Bible Study group meets at the home of Mrs. Clair Sturdevant, 111 Adrian avenue, in South San Francisco.

Thursday evening at 7:30 o'clock, the Deacon Board will hold its monthly meeting at the Alton Swedberg home, 19 Creston avenue, Daly City.

Friday afternoon, the Trustees Board and the Christian Education Committee of the Northern California Baptist Conference meet at the Fairway Park Baptist Church, 13321 Medina street, Hayward.

Saturday, January 5, at 9:30 a. m., in the same church, delegates and the pastors from the more than 20 churches of the conference will meet

for their quarterly council meeting.

The pastor of the church and two delegates will attend from South San Francisco. Rev. Roger Youngquist is the council chairman and Rev. Elliot Paulson is the host pastor.

Saturday evening, the youth of the church, with adult sponsors, will attend the Youth for Christ rally in San Francisco. The program features that evening will be the filmed life story and conversion experience of Tony Fontaine, entitled "Day of Triumph."

The Westside Baptist Church is affiliated with the Baptist General Conference and holds meetings in the auditorium of the Southwood School at Southwood drive and Hill Street in South San Francisco.

Lutheran Church To Install New Officers

The officers of the Pacific Southwest Synod of the Lutheran Church in America will be installed at a service at St. Mark's Lutheran Church, 1135 O'Farrell St., San Francisco, on Sunday evening, January 13th, at 7:30.

The officials to be installed are the first to serve the new church body, which came into being as the result of a merger convention held in Pasadena last September. The Synod is made up of 115,000 baptized souls within 240 congregations served by more than 300 pastors. The membership resides in California, Arizona, Nevada, Utah and Hawaii. They are part of a national church numbering 3.2 million members.

Those who will be installed at the Service of Vespers include the new President, the Rev. Carl W. Segerhammer of Los Angeles. Dr. Segerhammer formerly served as president of the California Conference of the Augustana Lutheran Church, as well as its national vice president. His office is at 1315 S. Burlington Ave., Los Angeles 6, Calif.

The Vice-President of the Synod is the Rev. Kenneth Senft, pastor of Messiah Lutheran Church, Redwood City, Calif.; Secretary is the Rev. Paul Nussle, pastor of St. Ansgar's Lutheran Church, Salinas, Calif.; and Mr. Carl Bell of Huntington Park, California, is Treasurer.

Several hundred pastors and lay members from the five-state area are expected to attend the service at St. Mark's, which is reportedly the oldest Lutheran Church on the West Coast. A reception will follow.

Temple Judea Family Worship Services

There will be a Family Service Friday evening, January 4 at Temple Judea's Sabbath Evening Services, 8 p. m., at the Westlake Community Baptist Church.

The Temple Judea Children's Choir will sing at this special service, which starts one-half hour earlier than usual.

Temple Beth El Father, Son Dinner

The Annual Father and Children's Dinner sponsored by the Men's Club of Peninsula Temple Beth El will take place this year Tuesday, January 15, at 6:30 p. m. in the Fellowship Hall of the Temple, 1700 Alameda de las Pulgas, San Mateo.

The program by the Boy's Club of San Mateo, to include boxing, judo, wrestling and trampoline acts, will be presented following a fabulous dinner. David Sterling, President of the Men's Club stated that Robert Friedman will be the Master of Ceremonies and there will be prizes for the children. Co-chairmen for the evening are Jack Lackner and Marvin Greenwald. For this popular event which usually is a sell-out days before it takes place, reservations must be made ahead of time in writing to the Temple office, 1700 Alameda de las Pulgas, San Mateo.

Fathers joining the Men's Club this evening, and their children, will be guests of the Men's Club. Reservations for adults will be \$1.50, for children 75c, to include the dinner and program.

For further information contact Jack Lackner at DI 3-5730 or Marvin Greenwald at LY 3-3870.

Sacred Music Sermon At Temple Beth El

Cantor Herbert I. Epstein will present "The Song From Sinai's Heights," offering insights into the origin of the sacred music for the Shabbat services, at worship services on Friday evening, January 11, 8:30 p. m. at Peninsula Temple Beth El, 1700 Alameda de las Pulgas in San Mateo.

Assisting Rabbi Sanford E. Rosen and Cantor Epstein in leading the worship will be Dr. and Mrs. George Riess and their son Steven John who will become a Bar Mitzvah. An Oneg Shabbat, social hour, will follow the service.

The word "vitamin" is derived from the words "vita," meaning life, and "amine," the name of a nitrogen compound.

B'nai B'rith Youths Hold Annual Conclave

More than 200 boys and girls of the B'nai B'rith Youth Organization's Central Region attended the annual Winter Conference held at the San Francisco YMCA Camp in La Honda last weekend. The delegates assembled from San Francisco, the East Bay, the Peninsula, and Marin County, as well as San Jose, Petaluma, Santa Rosa, and Sacramento. The theme of the four-day parley was "Youth's Responsibility Towards a World of Peace."

The keynote address was given by State Senator Richard J. Delwig, of the 21st District. The youth were also addressed by Robert Pickus, Regional Director of Turn Towards Peace, and Dr. Harry S. May, Director of the Hill Foundation at Stanford Uni-

versity, who spoke on "The Jewish View of Peace."

The delegates heard B'nai B'rith Girls President, Dori Mintzer, and Rich Einstoss, President of the Aleph Zadik Aleph for boys, give their state and region addresses, while the annual oratory contests were won by Susy Selix of Unitens Chapter in San Francisco and Louis Silberman of Sid Sommer AZA chapter in San Francisco. Leadership training sessions, Sabbath services, social and athletic events, and the annual banquet made up the remainder of the program-packed convention.

The conference was attended by Robbie Rostler, B'nai B'rith District 4 president, and Allan Kane, the District AZA treasurer, both of Los Angeles. Co-chairmen for the program were Debbie Liebeskind of the Unitens B'nai B'rith chapter in San Francisco, and Bob Ostrovsky of the B'nai B'rith chapter in Napa-Vallejo.

Ice cream consumption in the United States in 1960 was 18.4 pounds per person.

WHAT IS WOOD?

What is wood? What makes a board stiff and strong? Wood is actually a mass of tiny fibers cemented together by lignin, one of Nature's most remarkable glues, to form one of the strongest known natural substances.

Reverse Segregation

January 1, 1963 marked the 100th anniversary of the issuance of the Emancipation Proclamation by President Abraham Lincoln.

This was a war-time measure, which Lincoln held off for several months until the Northern Armies could win a victory. And in itself it was a victory for the Abolitionists.

But its meaning was not made real until the passing and ratification of the 14th Amendment to the Constitution. And unfortunately, in many areas of this nation, the 14th Amendment has not yet been made real. The struggle in the Southern States over integration is an example that neither the spirit nor the letter of the law is being obeyed.

But there is another side of the struggle which also violates the spirit of the law. This is the position that it is not only the privilege of minority groups to be equal, but it is their right in proportion to their numbers.

This is reverse segregation.

An example that comes to mind is the insistence of certain groups in the Bay Area that one of three municipal judges just appointed by Governor Brown should be Negro. Their point was not that the most qualified men available might be Negro, but rather that the colored people were "entitled" to have a Negro appointed.

In another field, the same argument was made regarding the appointment of men to the Golden Gate Bridge Authority by the City of San Francisco. Labor groups insisted that one appointment should come from labor, not because the man was the best qualified, but because he represented labor.

We agree that all people of this country should have adequate representation...it is the basis of our whole constitutional government.

We do not feel that fragmenting the representation, no matter at what level, is real representation. To suggest that 15% of our representatives should be Negro because 15% of our population is Negro, or labor, or business, or farmers, or lawyers only leads to fragmentation in government. One of the great problems of French government in the past has been the very insistence that each group must be represented according to its numbers.

If minority groups continue to persist with the theory that positions must be filled proportionate to their numbers, they are creating a segregation that is even more dangerous and deadly than that which has existed in the past.

The New Champ

California enters the New Year with a new distinction of being the most populous state in the nation, surpassing even New York, according to Governor Brown. This (again according to Governor Brown) is something to celebrate. Others think it is more an occasion for mourning.

Either way, the distinction brings in its wake new problems and intensified old problems—more motor vehicles, more congestion, more need for schools, freeways, water, parks, need for more employment. The 1963 Legislature which will convene next week will have to wrestle with all these problems.

Californians have handed Governor Brown a new four-year term and substantial majorities in both houses of the Legislature with which to cope with these responsibilities. After four years in office, his administration should be in good shape to tackle them.

Being the most populous state is not something that California sought, despite Chamber of Commerce promotions of former years. It was literally thrust upon us. The host of servicemen and their families who became acquainted with California during World War II and the Korean "police action" swelled the tide, aided by the increased mobility of the motor car.

But, now that we are stuck with this distinction, let's make the best of it and above all strive to make California a satisfying, pleasant place to live.

Comes The Dawn?

What is so rare nowadays as the real thing? At breakfast, we modern drink instant coffee—to wash down a dry "cereal" that have remote involvement with a corn patch or a wheat field but is non-caloric, non-fattening and contains only the nutrients required to make us look like fashion models. This may, when we have time, be preceded by orange juice—frozen, of course.

Then into the drip-dry shirt and the miracle-fiber suit and off to a day of working with ladies with green eyelids and fearfully contrived haystack hair-dos and gentlemen with toupees and chemical tans. (Even the sunlamp comes too close to the genuine article.) Surrounded as we are on all sides by substitutes, the ersatz, the as-good-as and the synthetic, each long day of manifold deceptions is likely to end with a pill to induce an imitation of sleep!

But all, perhaps, is not lost. Even though the famous Christmas tree in New York's Rockefeller Plaza achieved its impressiveness by having extra branches stuck into the trunk—still, the branches were real and came from other trees growing in a genuine forest.

top of the hill

By ARTEMUS BIERCE

Well we have bid adieu to 1962 and have readied for the unexpected events which 1963 holds in store. Just how you "ready for unexpected events" is something we haven't figured out yet, but when we do we will pass it on to you.

But we feel that 1963 could be a real swinger if:

The Berlin Wall were made of the same material that Alcatraz prison is. Then the East-side escapees would have it easy in making it across the border.

Half of the people moved out of California and we weren't the most over-populous state anymore. The spring and summer fogs decided to visit San Jose or Cupertino instead of Daly City.

Somebody solves the traffic light problem at the Top of the Hill. It happens to be the second worst intersection in the county.

Fidel Castro got hit on the head with a brick, shaved his beard and joined the Peace Corps.

Our State Assemblyman Leo J. Ryan from South San Francisco gets the Peninsula area a much-needed four year college.

Premier Nikita Khrushchev forgets himself and signs a disarmament agreement.

A fairy swoops down from the sky and gives the Daly City Police department their wish: A spanking new headquarters in place of their present antiquated structure.

The race horses never return to Bay Meadows and Tanforan. We have so much cash when they are down at Santo Anita and Hollywood Park.

San Francisco and South San Francisco hang up the gloves in their quarrel over their respective produce terminals.

The great blues singer Ray Charles quits singing country and western music and becomes unpopular again. Then we can enjoy him like the old days.

The John Birch society decides to stop crying "wolf" and uses its energies for something constructive.

The Stanford Indians get a real "Big Name" coach and still find they have trouble winning. After all, according to the alumni, it's the name that counts.

Frank Sinatra, Don Sherwood, Bertrand Russell, Iva Kroger and Nick the Greek team up to present a fantastic salute to Daly City. Add the Gospel Pearls, Van Clijburn and Krishna Menon and it can't help but be a spectacular.

Jefferson High school beats South SF again and Westwood takes the football title. That way everybody is happy.

Sam Chandler gets a copy of the play "Galileo" in his library. The fine work by Brecht is conspicuous in its absence.

Other cities adopt a similar civic project like Daly City's "Operation Santa Claus."

We discard our well-worn clichés, develop some ingenuity in our scribbles and become acclaimed the world's greatest columnist.

Something For Everyone

by Samuel Chandler

Recently the United States sent a balloon into outer space. It was called a revolutionary event. Yet some ninety years ago, Jules Verne wrote a novel that predicted that balloons would fly in space and even carry men beyond the earth's atmosphere.

In 1928 P. T. Farnsworth invented a tube that made mass television possible. Long before Farnsworth was born Jules Verne wrote about a day when pictures would be filmed in one country and viewed in another.

Mr. Verne wrote of submarine warfare though he died before the first fleet of submarines set out to fight. He wrote about airplanes before the Wright Brothers went to Kitty Hawk, of rockets to the moon and descents into the sea and voyages into the depths of the earth when these things were mere dreams.

This uncanny ability to foresee a world that he could not know has placed Jules Verne at the head of a generation of science fiction writers. Mr. Verne did not consciously write science fiction, however. Rather he called his novels "voyages extraordinaires."

They certainly were extraordinary. Many were published in juvenile magazines as children's literature. They made some readers suppose that Mr. Verne, himself, had been to the moon and had traveled around the earth in eighty days. His book "Around the earth in eighty days" caused hundreds of people to write to the fictitious Phineas Fogg.

There is more to recommend Verne's works than extraordinary things. They are high adventure stories clothed in a sparkling style. They are like dreams that come true to the surprise of the dreamer. They are carefully fabricated to appeal to the imagination of readers who love adventure.

For these reasons they are being made into movies. The last one to be released is Walt Disney's production called the Castaways. It is currently showing in San Francisco. They appear high on the list of books most often chosen by high school students. They will continue to appeal for the same reason that the adventure stories of Dumas and Stevenson have lasted for decades.

MEN IN SERVICE

Dennis Namanny Completes Air Course in Tenn.

Dennis R. Namanny, airman apprentice, USN, son of Mr. and Mrs. Roy H. Namanny of 456 D street, Colma, was graduated from Aviation Familiarization School, November 30, at the Naval Air Technical Training Center at Memphis, Tenn.

During the two-week course, Namanny studied history of naval aviation, theory of flight, aircraft carriers and operations, cleaning and inspecting aircraft, survival tactics and parachutes and jumping techniques.

Vets Can Get Dental Care

Peacetime veterans are eligible for dental treatment under certain conditions, according to the Veterans Administration.

Under a law effective August 14, 1962, peacetime veterans with service-connected dental conditions which existed when they were discharged from active service, may be authorized a dental treatment found to be reasonably necessary for a one-time correction of the condition, provided they apply within one year after their separation from active duty.

The VA pointed out, however, that if the service-connected dental condition was the result of an accidental injury incurred in the line of duty, the veteran is not required to apply for dental treatment within one year from the date he was discharged from the service, and treatment for such conditions is not limited to a one-time correction.

Applications filed prior to August 14, 1962, are not valid for this treatment, the VA emphasized, and new applications must be submitted. Veterans who believe they are eligible for dental treatment under the new law should contact their nearest VA Regional Office for assistance in applying for treatment.

D. C. Marine Private Completes Course

Marine Private Robert A. Gefford, son of Mr. and Mrs. Gefford of 199 Acton street, Daly City, completed an eight-week mechanical fundamentals course, November 30, at the Naval Air Technical Training Unit, Jacksonville, Fla.

During the course, Marine Corps Reserve trainees received a working knowledge of hand and power tools used in Marine aviation, and introduction into aviation ordnance, engineering, electronics and supply. A refresher course in mathematics and physics was included.

Local Marine in Florida Guard

Marine Sergeant Jack Douglass, son of Mr. and Mrs. Jack H. Douglass of 584 Atlanta st., Daly City, returned to the Marine Corps Air Station, Cherry Point, N.C., on December 1, from Florida, where units of the Second Marine Aircraft Wing had been deployed since late October. The units were called during the quarantine of Cuba.

D. C. Sailor Has 'White Christmas'

Doyls A. Nickless, electrician's mate third class, USN, son of Mr. and Mrs. Floyd A. Nickless of 91 Santa Elena street in Daly City, had a "White Christmas" in Antarctica with several hundred navy men, marines and scientists.

He is serving aboard the ice breaker USS Staten Island, part of the support forces for Operation Deep Freeze 63.

With home more than 10,000 miles away, he and his shipmates had an experience few persons have — Christmas at the bottom of the world.

A large dinner, with plenty of cakes and pies, was part of the celebration. Lights were strung around the ship, artificial trees glistened with trimmings and frost, and a visit was made by helicopter by Saint Nick.

Lieut. Karyn Williams In Army Nurse Corps

Army Nurse Karyn S. Williams, daughter of Mr. and Mrs. A. Dale Williams of 299 Bel Mar avenue, Daly City, recently completed the eight-week officer orientation course at the Medical Field Service School at Brooks Army Medical Center, Fort Sam Houston, Texas.

During the course, Lieutenant Williams was instructed in the duties and responsibilities of a newly-commissioned officer in the Army Nurse Corps.

The lieutenant is a graduate of Westmoor High School and of the St. Luke's Hospital School of Nursing in San Francisco.

S.S.F. Sailor Aboard Destroyer Hanson

Brook L. Stewart, fireman, USN, son of Mr. and Mrs. Roy F. Stewart of 820 Hillside boulevard, South San Francisco, is serving aboard the radar picket destroyer USS Hanson, part of the combined First Fleet force which was involved in Exercise Night Stick off the coast of California.

The exercise in anti-submarine and anti-air warfare techniques began December 10 and lasted five days.

Eighteen ships and several aircraft units were involved in Exercise Night Stick, which was coordinated by Vice Admiral R. T. S. Keith, commander of the First Fleet. The ships included aircraft carriers, a heavy cruiser, a nuclear submarine, 11 destroyers, a minesweeper and three auxiliary ships.

Marine Brian Fischer Completes Course

Marine Private First Class Brian L. Fischer, son of Lawrence R. Fischer of 205 Pine avenue, South San Francisco, completed an eight-week mechanical fundamentals course, November 30, at the Naval Air Technical Training Unit at Jacksonville, Fla.

During the course, Marine Corps Reserve trainees receive a working knowledge of hand and power tools used in Marine aviation, and introduction into aviation ordnance, engineering, electronics and supply. A refresher course in mathematics and physics was included.

IT'S NEWS TO VETS

Q—May a veteran obtain a loan to purchase or construct housing which includes a family fallout shelter?

A—The Veterans Administration may guarantee a loan made to a veteran by a private lender for the purpose of purchasing a home which includes a fallout shelter, or a loan to alter an existing property to include a fallout shelter. The Veterans Administration is also authorized to grant loans for this purpose in those areas designated as direct loan areas.

Q—How long does it take to obtain a loan on my GI insurance?

A—On the average, if the policy is "clear" the loan is processed in three days. In one instance, however, in a dire emergency a Texas veteran borrowed \$4,600 to buy cattle feed and it took less than two hours. He on the safe side and allow three days for processing.

Q—I am a 60 per cent disabled, single veteran and my October compensation check was \$152. I know this contained a retroactive special bonus payment. Now what will my regular monthly payment amount to?

A—Starting this month the payment will be \$125 a month. The old payment before the new law was passed was \$120.

Q—Who is entitled to Veterans Administration guardianship service?

A—The VA provides guardianship for minor children of deceased veterans, for incompetent veterans, and for certain other veterans' dependents who are not capable of managing their own affairs. During fiscal year 1962, more than 510,000 persons received this guardianship service. Their combined estates amounted to more than \$757 million.

Q—Is it true that a married girl can qualify under the War Orphans Education program if otherwise eligible?

A—Yes. Marriage is not a barrier. Educational rights are open to all children of a deceased war or peacetime veteran whose death resulted from service-connected causes. They generally must be between the ages of 16 and 22 but there are occasional exceptions. They may be single or married.

Biggest Hobby Family Home

A home is the biggest single investment most American families ever make. It is not unusual, then, that to most married couples their home is their life, their center of interest and their main hobby. The great build-up of do-it-yourself fans is a good example of man's desire to improve his home.

The number of homes where major investments are made in pools, patios and decks, fences, greenhouses and additions of wings or rooms to house game and family rooms, indicates the continuing interest of a family in better living.

Probably the most popular additions are decks and patios in numbers that are built. One reason is that a wood-floored patio or a wood deck adjoining a home is so easy to build of easy-to-obtain lumber. Western red cedar or Douglas fir are the most popular woods used for decks, because they will last for many years with very little upkeep and will take the heavy wear of a well used deck.

These decks can be built of ordinary sizes of fir or cedar lumber with 2 x 4 or 2 x 6 deck boards the most popular. Framing lumber also is standard 4 x 4 for posts and 2 x 10 or 2 x 12 for joists.

CAR EXPENSES DEDUCTIBLE ON INCOME TAX, SAYS C.S.A.A.

Some car expenses are deductible on your income tax return even if the car is never used for business purposes, reminds the California State Automobile Association.

The major item for most motorists who itemize their deductions is the state gasoline tax of 6 cents per gallon.

The amount of gasoline used can be determined by dividing the total number of miles the car has traveled during the past year by the number of gallons it gets per gallon. Gasoline mileage varies considerably but the average for all cars is about 14 miles per gallon, says the C.S.A.A., and the average motorist drives about 10,000 miles per year. Compact and foreign cars, of course, average more than 14 miles per gallon.

The Federal gasoline tax,

Padded Interiors Of Urethane Foam

Bucket seats and padded dashboards have boosted the consumption of polyurethane foam and should more than make up for an expected 15 per cent drop in the use of latex foam in 1963, Goodyear Tire & Rubber Company reported this week.

F. R. Evans, general manager of the Foam Products Division, said that overall production of foam for auto interiors should be about 10 per cent above that of 1962. In 1961, he said, about nine per cent of all new cars had bucket seats and in 1962 about 15 per cent.

Goodyear uses urethane foam for all of its padded interior trim production and latex for a portion of its auto seat output. Evans said urethane foams cost much less and are

less than half as heavy as latex.

AUTOMOTIVE

Juan Fangio Opens Rambler Agency in Buenos Aires

Juan Fangio, five-time winner of the World's Driving Championship, has returned to the automobile world—this time as a Rambler dealer in Buenos Aires.

Fangio, 51, retired from auto racing in 1958 after winning the coveted title five times between 1951 and 1957, an unprecedented feat.

His dealership, which will be officially dedicated the last week in December, will be known as Juan Manuel Fangio Company. He will handle the full line of automobiles produced by Industries Kaiser Argentina—the Rambler, Willys and Renault.

Fangio pointed out that Rambler is the top selling automobile in Argentina.

Marred Spots Are Easy to Bring Back

Those marred spots along on lots where the door lock handle line are fairly common on today's automobiles, according to the National Automobile Club. Such spots are the product of close parking side the door at about the lock of the next car is likely to strike your car when the door is opened.

A special job of touching up these spots costs very little and you cannot tell the patch from the original paint.
